

ADVANTAGE CLAIMED BY BOTH SIDES IN GREAT STEEL STRIKE

PRESIDENT MAY GIVE TALK AT CAPITAL

Huge Crowd Is Reported at Sacramento Expecting Speech at Depot

LITTLE HANDSHAKING BEING DONE ON TRIP

White House Organization on Special Is Watching Strike Situation

ABOARD PRESIDENT'S TRAIN, STOCKTON, Cal., Sept. 22.—On the home stretch of his tour of the United States on behalf of treaty ratification President Wilson today met many big crowds at California cities.

Conserving his strength for final effort to convince America that the League of Nations must be accepted, the President even cut out his hand shaking program and did not do so much of it as he has been accustomed to doing.

No speech has been scheduled at Sacramento, where the presidential special was due this afternoon, but the President has received several requests that he speak from the rear platform there, and a big crowd, it was said, was awaiting him at the state capitol. It was considered likely that he would speak briefly.

The White House organization aboard the presidential train is closely watching the steel strike situation. However, official comment on it was not forthcoming. It was considered probable that if any action is taken by the President it will be through some of the departments at Washington.

Attack on Wilson Is Made By Senator Reed In Talk

WASHINGTON, Sept. 22.—A bitter attack upon President Wilson by Senator Reed of Missouri, marked the opening of the senate fight over the Johnson peace treaty amendment today.

Reed, in a speech to the senate, declared the President's statement at San Francisco that this country with its one vote to Great Britain's six cannot be outvoted, is "erroneous to the last degree." Reed delivered a bitter attack on the President, in the course of which he declared:

"The man who is willing to give to any nation or assemblage of nations the right to mind the business of the American people ought to disclaim American citizenship and emigrate to the country he is willing to have mind America's business."

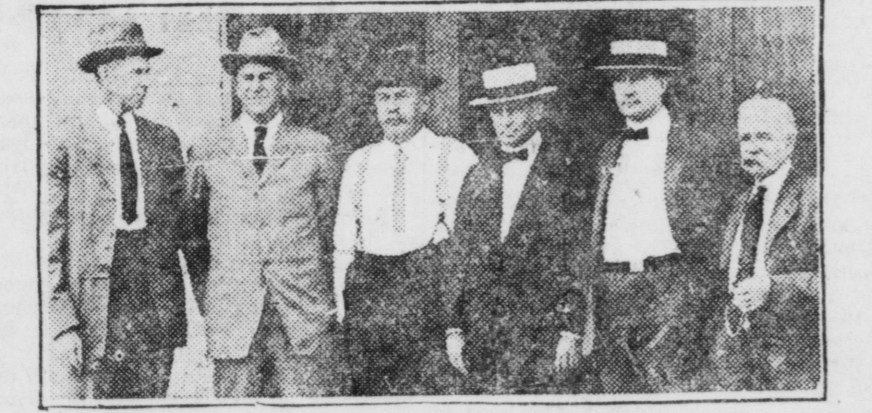

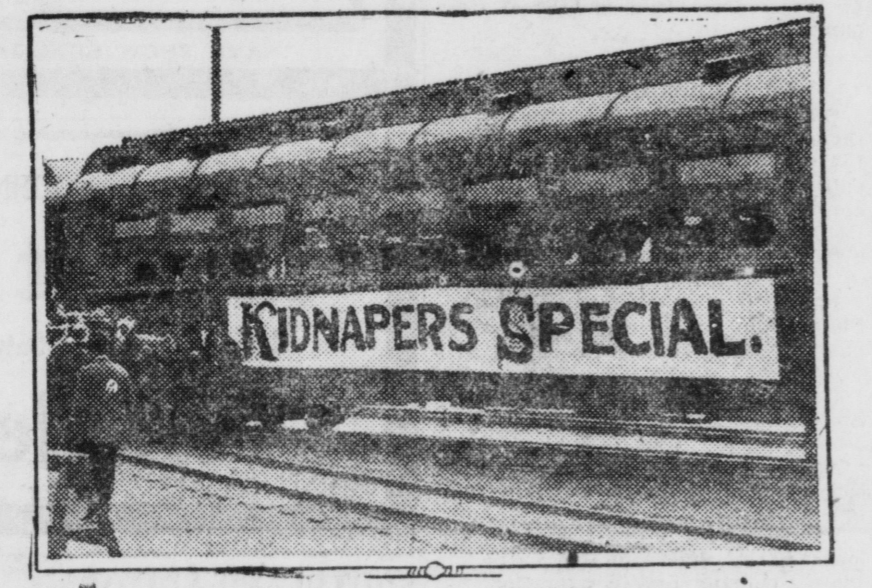

MAYOR OF MILWAUKEE DOESN'T LIKE ROYALTY

MILWAUKEE, Wis., Sept. 22.—"To hell with royalty. Don't ask me to invite king, kaiser or czar," was the reply given today by Mayor Daniel W. Hoan, socialist, to the Association of Commerce, whose officers requested he extend an invitation to King Albert and Queen Elizabeth of Belgium to visit this city during their tour of the United States.

BIG PROFITS AT FAIR.
SACRAMENTO, Cal., Sept. 22.—The state board of control places the profits of the 1919 State Fair at between \$9,000 and \$10,000.

Wilson Conserves His Strength

Special Train Carries 174 Bisbee Men To Trial Daily

Kidnappers' Special and group below, left to right: G. H. Dowell, Col. J. C. Greenway, Lemuel Shattuck, defendants; Attorneys W. C. Burgess and Frank Curley and ex-Mayor John Williams of Bisbee.

Half Day Sessions of Court Being Held So Business Won't Stop

DOUGLAS, Ariz., Sept. 22.—Bisbee citizens who are defendants in the big kidnaping case that grew out of the deportation of I. W. W. families from Bisbee in 1917, are being given trials in shifts. Arrangements have been perfected whereby the sessions held by Judge W. C. Jack last but half a day, thus giving the remainder of the time for business. There are so many business and professional men among the accused that if the court held sessions all day, business in Bisbee would have to be suspended.

The Bisbee defendants number 174 and each day board a train known as the "Kidnappers' Special," for the trip from Bisbee to Douglas, where the trial is being held. The coaches bear big signs on the sides and the defendants make the daily rides something in the nature of excursions.

WILL URGE STRIKERS TO ACCEPT COMPROMISE

SAN FRANCISCO, Sept. 22.—Upon the success of an effort by big labor men from the labor council hinges the prolongation of the water front strike here today.

A committee headed by Daniel C. Murphy, president of the California State Federation of Labor, it is understood, will urge the longshoremen today to accept the compromise proposal of the employers.

The employers will at 1 p. m. today, according to their ultimatum, begin employing strike breakers.

The strike of steamboat men on the Sacramento continues. They demand recognition of their union.

HUGE ALMOND SHIPMENT.
SACRAMENTO, Cal., Sept. 22.—The largest individual shipment of almonds ever leaving Sacramento valley is on its way to Eastern markets. The car contained 641 sacks of choice almonds valued at \$16,650. It was shipped from Guinda, Cal.

EIGHT GREAT FURNACES AT GARY BANKED

No Disorder Yet Reported But Trouble Expected This Evening

By J. L. O'SULLIVAN

GARY, Ind., Sept. 22.—Between 50 and 85 per cent of the 22,000 steel workers in the Calumet district answered the strike call today. Union officials claimed 18,000 were out. Company officials admitted less than 11,000 reported for duty. Fires in eight of the twelve blast furnaces operated by the United States Steel Corporation in the district were banked today.

The situation at the various plants follows:

Gary.—Illinois Steel Company, 12,000 employees; James Mulholland, union secretary, claimed 11,000 out; company officials refused a statement but newspaper observers stationed at various gates reported less than 1,000 men entering.

American Bridge Company, 2,000 employees; Mulholland stated that only 100 were at work; Manager F. W. Stiles said 40 per cent were at their posts and that all machinery was running.

American Sheet and Tin Plate Company, 1,500 employees; Mulholland stated 85 per cent were out; W. F. Lloyd, superintendent, stated less than 40 per cent.

Indiana Harbor-Inland Steel Company, 2,000 employees. Union officials said 1800 were out; company officials admitted that operations were hampered.

Hammond-Standard Steel Car Company, where a strike has been in progress for several weeks, was tied up. About 2,000 men are employed.

East Chicago-Interstate Steel Company, employing 1,000, reported by police as operating as usual, with only 10 per cent.

Several small plants, employing from 100 to 800 were reported operating with 75 per cent of their usual forces.

In Gary pickets were on duty at all principal gates. Wives of workers joined the regular pickets in efforts to keep workers from entering.

Union leaders claimed a big victory today as a result of the stationary engineers joining the strikers. They declared that 85 per cent of the engineers employed in the Gary works were out. They stated this would tie up the plant.

Company's Statement.
The first statement issued by officers of the Gary works of the Illinois Steel Company today said:

"Thirty-five per cent of the men are at work. Many of those who stayed away today called on the telephone and said they would be back tomorrow. The situation is expected to gradually improve."

The statement was unsigned, but officials declared the situation looked "favorable" and they were satisfied.

No disorder was reported in the district today. Police officials said they had not made a single arrest. In Gary members of a citizens' committee aided the police in keeping the crowd moving. The committee claimed to have a membership of 2,000 and announced it would tolerate no disorder. The league's membership is secret.

Trouble was freely forecast for tonight, however, when those who worked today leave for their homes.

Here Is Situation Reported At Various Steel Centers

THE nationwide strike of union steel workers began today. Early reports failed to show whether the walkout will develop into America's greatest industrial war. In some districts all plants were closed, while in others the mills were in full operation. The situation in the various steel centers this morning was as follows:

Pittsburgh.—The police said closed; 5,000 reported out, that only a few workers struck. Union officials claimed that most of the men went out.

Claireton, Homestead, Braddock and Duquesne, Pa.—Same situation as in Pittsburgh.

McKeesport, Pa.—Mills continued in operation; 3,000 civilians sworn in as deputies.

Sharon, Pa.—All plants closed.

Cleveland, Ohio.—Union officials claimed 19,000 men struck and expected 25,000 out by night. The plants closed at midnight.

Youngstown, Ohio.—Five thousand quit Sunday. Mills still operating.

Gary, Ind.—Work apparently suspended in practically all plants. No estimate of men out.

Chicago.—Nine of Illinois Steel Company's eleven furnaces "cold." Juliet, Ill.—Most of the workers reported out.

Warren, Ohio.—Steel officials said willing treat with unions at any time.

Elyria, Ohio.—Both plants operating.

Martins Ferry, Ohio.—All mills closed.

Loraine, Ohio.—Most of the 3,000 workers reported at work.

Buffalo, N. Y.—Unions claim 20,000 out; steel officials say not more than 12,000.

Monessen, Pa.—All plants closed; 10,000 reported on strike.

Birmingham, Ala.—All four plants operating.

Milwaukee, Wis.—All 1,800 workers out, according to unions; company officials claim less than one-fifth struck.

Atlanta, Ga.—All workers remained on job, union officials saying received no instructions to strike.

Steeltown, Pa.—Every employee of Bethlehem plant reported for work, according to officials of the company.

Wheeling, W. Va.—Estimated 15,000 men idle; all plants closed.

Philadelphia, Pa.—Union officials said they would call strike September 29 at plants unless conference demands granted.

Pueblo, Colo.—Six thousand men out and Colorado Fuel & Iron Company's plant closed.

FIRST DAY SEES FEW OF MILLS CLOSED

Two Hundred Thousand Men Out Declare Officials of Labor Bodies

FIRST CLASH TAKES PLACE AT CLAIRETON

Leader Severely Beaten When He Tries to Pull Mounted Police Off Horse

NEW YORK, Sept. 22.—Both capital and labor claimed advantage this afternoon as the first day of the nationwide strike of steel workers came to a close.

Judge Gary, head of the United States Steel Corporation refused to make any statement but various company officials in the affected districts stated that not more than 10 to 20 per cent of the workers had struck in the Pittsburgh district and that while a slightly larger percentage struck in some localities the strike was so far a failure as an effort to tie up the industry.

Union officials declared the strike was "effective," indicating their belief that about 200,000 men were out.

Reports early this afternoon indicated the strike was effective generally in the Ohio, Indiana and Colorado districts and was only partially effective in the Pittsburgh district and was generally non-effective in Alabama.

Mob Leader Badly Beaten When Policeman Attacked

PITTSBURGH, Pa., Sept. 22.—The first disorder reported in the steel strike up to noon today occurred when a street fight broke out in Claireton, after a crowd of strikers or sympathizers attacked mounted police patrolling the streets.

One man, Mike Hodak, an alleged leader of the crowd, was severely beaten when he attempted to pull a trooper from his horse. Several shots were fired, but no one was hurt.

Nineteen additional arrests were made and order finally restored. The state constabulary patrolled various centers. The strikers, however, were quiet, in most cases remaining in their homes or merely walking around the streets.

Judge Elbert H. Gary Sees Reporter But Says Little

NEW YORK, Sept. 22.—Judge Elbert H. Gary, chairman of the board of the United States Steel Corporation, received newspaper men at his office here today, but would make no statement.

Gary's manner indicated confidence that the issue in the strike would be settled with little loss of money to the corporation. As he took his place at the end of the long table in his private office, he was grave but apparently not depressed. He talked in an easy manner and with moderate voice, occasionally talking directly to one reporter or another and pointing his finger in emphatic gestures.

About the other officers of the steel corporation, occupying two floors in a skyscraper in the heart of New York's financial district, there was little activity.

Numerous Plants Closed, Some Not Much Affected And Others Running Full

HERE are reports from many cities and towns throughout the United States affected by the nationwide steel strike which went into effect this morning. Many mills are closed entirely, some are running with a small force of employees and some have lost comparatively few employees:

Birmingham, Ala.

BIRMINGHAM, Ala., Sept. 22.—The four plants of the United States Steel Corporation here were operating today, although union leaders declared that some of the men had walked out.

Union heads declined to estimate the number out and company officials said they had no comment to make.

Milwaukee, Wis.

MILWAUKEE, Sept. 22.—A strike of employees of the Bay View plant of the Illinois Steel Company went into effect this morning. Union officials claimed all of the 1800 men were out. Plant officials say only a fifth of the men failed to appear for work.

Steeltown, Pa.

STEELTOWN, Pa., Sept. 22.—Every employee of the Bethlehem Steel plant here reported for duty this morning, officials of the plant reported.

Vandergrift, Pa.

VANDERGRIFT, Pa., Sept. 22.—About 30 per cent of the employees of the American Sheet and Tin Plate Company mills failed to report for work today, officials said.

Johnstown, Pa.

JOHNSTOWN, Sept. 22.—More than 80 per cent of Cambria Steel workers are on strike, it is estimated. The Loraine plant is not so seriously affected.

Cleveland, O.

CLEVELAND, Sept. 22.—Between 10,000 and 50,000 steel workers were on strike in Ohio, it was estimated at 11 a. m. today, according to reports here by union, steel mill officials and police.

Approximately 20,000 men are out in Cleveland, according to H. W. Raiser, union organizer. In Canton on

(Continued on page two)

Clash Marks Opening of Big Strike

AVIATOR SAVED SERIES TO OPEN BY EMPTY GAS TANKS IN CINCINNATI OCTOBER 1

Equipment Supports Plane on Ocean Surface Until Assistance Arrives

His airplane supported on the surface of the ocean by the empty gasoline tanks, an aviator from March Field at Riverside today owes his life to the tin full containers of the aircraft.

Passing through Santa Ana Saturday afternoon, the man who escaped the loss of his life through the action of the seemingly gasoline tanks, told a group of Santa Ana men of his experience.

He was flying out over the ocean when the gasoline became exhausted and the flying machine settled on the water. It was not a hydroplane and he had little hope of ever again putting his feet on land when his machine struck the water.

He floated around in the machine for some time before a fisherman, who saw his machine go down, could get to him and rescue him. His machine was salvaged.

The name of the aviator could not be learned.

WARNER WINS TROPHY OF ORANGE GUN CLUB

Knocking down twenty-three out of twenty-five birds, "Hank" Warner, city marshal of Orange, yesterday won the silver cup offered by the Orange Gun Club as a prize for the winner in the finale of a series of shooting events.

The contest has been on for about two months, the winners of the different shoots winning a leg of the trophy and going into the finale yesterday.

Those who faced the birds in the finals were Warner, Henry Feldner and Wm. Kessman of Orange and Paul Knauf and Frank Leonard of Santa Ana. Leonard was second with twenty-one birds and Knauf was third with twenty. Feldner scored on eighteen and Kessman on 15.

The club will hold another shoot just before Thanksgiving and at Thanksgiving will conduct a turkey shoot.

STEEL STRIKE INQUIRY ASKED BY SEN. KENYON

WASHINGTON, Sept. 22.—Investigation of the steel strike was proposed today in a resolution introduced by Senator Kenyon of Iowa. The resolution directs the senate committee on education and labor to ascertain the reasons for the strike and whether any federal action can or should be taken to meet the situation.

Umpires Are Named By Both Leagues For Post Season Title Contests

CINCINNATI, Sept. 22.—The first two games of the world series will be played in Cincinnati, the next three in Chicago if the White Sox win the American League pennant; the next two in Cincinnati, the eighth in Chicago if necessary to determine the championship and the ninth at a city to be named later, the National Commission announced today.

The first game will be played October 1, weather permitting. No off days are provided in the schedule. The National League named Charles Riggler and Ernest Quigley as umpires and the American League named Billy Evans and Dick Hallin as their umpires.

3 IN POLICE AUTO SMASH BADLY HURT

LOS ANGELES, Sept. 22.—Joe Romero, detective sergeant, and G. H. Woods, realty dealer, acting as a special deputy in the detective bureau, are at the emergency hospital expected to die momentarily, as a result of a collision between a street car and a police automobile early today.

J. H. Kittle, policeman, also was injured but will live.

Romero and Woods both suffered fractured skulls.

They were investigating a minor robbery when the accident occurred. While a crowd which had gathered was securing first aid for the injured men, the motorman and conductor of the car abandoned their car on the tracks and are reported to have disappeared.

MINING ENGINEERS AT MEETING IN CHICAGO

CHICAGO, Ill., Sept. 22.—Many subjects of importance to the American Mining world were to be discussed at the 120th meeting of the American Institute of Mining and Metallurgical Engineers, which convenes here for a five-day session today.

Mine taxation, conservation of coal and new developments in the measurement of high temperatures were subjects to be thoroughly discussed. The Institute will take a number of special trips to points near Chicago, including a steamer trip to Gary, Ind., and rail trips to North Chicago and Milwaukee and to nearby coal fields.

PERSONALS

Mrs. Robert Paine, Jr., has returned from Gilman's Relief Hot Springs at San Jacinto, where she spent two weeks with her mother, Mrs. E. D. Burge.

Miss Helen Garstang went to Los Angeles yesterday to continue her studies at Occidental.

Mr. and Mrs. C. V. Davis drove to Camp Baldy yesterday for a few days' outing.

Mrs. F. W. Fuller and Miss Gertrude Fuller have just returned from a week's vacation at Camp Baldy.

Mrs. Bess Crawford is in Los Angeles today.

Wm. Biner and Miss Julia Biner, brother and sister of Albert Biner of the Santa Ana Soda Works, are here from Phoenix, British Columbia. Miss Julia will attend high school.

Miss Marguerite Tedford is spending several days in Los Angeles.

Mr. and Mrs. J. W. Highberger and Mr. and Mrs. F. E. Elliott and baby from Red Rock, Oklahoma, and Tom B. Elliott and children, Oral and Glendine, from Independence, Kansas, arrived Saturday at the home of R. Earl Elliott, near Tustin. They came by auto and expect to locate in California.

Dr. and Mrs. H. S. Gordon and Dr. and Mrs. Clayton Lane drove to Nuevo Sunday.

Mr. and Mrs. Robert Northcross were in Los Angeles Saturday. Mr. Northcross remained in the city until Sunday evening.

Mrs. Helen Fine has returned to her home in Phoenix, Arizona, after spending the summer at Long Beach and with relatives here and at Newport.

Miss Gertrude McWilliams spent the night here last night with her sister, Miss Elsie McWilliams. She also visited her parents at Buena Park and returned to Long Beach this morning.

Roy Lee, nephew of Thomas Walker of the Rossmore Barber Shop, has obtained thirty days leave of absence from the navy and left today for Chicago for a visit with his mother. He has been stationed at San Pedro.

Mrs. Etta D. Turner and her daughter, Miss Nell Turner spent yesterday in Los Angeles. Part of the day was interestingly spent at Exposition Park.

Mr. and Mrs. Sam Dungan and children, Mr. and Mrs. Walter Moore and Mrs. Joanna Dungan returned yesterday from a six weeks motoring trip to Humboldt county.

Mr. and Mrs. L. M. Forcey and family, Mr. and Mrs. Marshall Keeler and family, Dr. and Mrs. G. H. Dobson, and Mrs. W. K. Robinson motored yesterday to the Robinson ranch at Trabuco.

Horace and Walter Fine and Mr. and Mrs. Wayne Goble made a trip to Elsinore yesterday.

Miss Anne Robinson returned to Trabuco yesterday, after a brief visit with her mother. She has just finished painting some beautiful scenes at San Juan Capistrano mission.

Mr. and Mrs. Harry Fitch and Mrs. Nellie Vertrees of Burbank spent the week end with Mr. and Mrs. J. W. Flagg.

Miss Ireta Coulson left today for Los Angeles where she will enter Occidental College.

Mr. and Mrs. T. L. Inch and son of Los Angeles and Mrs. Alex Kitch of Sturgeon, Mo., were week-end guests of Mr. and Mrs. J. A. Turner.

Thrown from Horse Off Trail, Dr. Clark Is Hurt

Dr. J. I. Clark of Santa Ana narrowly escaped serious injury last week when he, in company with F.W. Fuller of Santa Ana and several others, started up the trail of Cow Canyon from Camp Baldy to give needed attention to some of the men who were fighting fire.

They made the trip on pack horses. The animal Dr. Clark was riding became frightened, throwing Dr. Clark over the cliff and down the decline. The doctor caught hold of a Yucca plant as he was falling and managed to hang on until Fuller could throw him one end of the lariat which was fortunately on the saddle. The only serious injury resulting from the experience was to his feelings which were very badly hurt, beside several stone bruises and scratches.

Dr. and Mrs. Clark have been at Camp Baldy for the past two weeks.

All-Pittsburgh District Steel Mills Are Working

PITTSBURGH, Pa., Sept. 22.—Strike leaders and steel company heads alike claimed the advantage today when what is one of the biggest industrial struggles the country has known was but a few hours old.

William Z. Foster, secretary of the steel workers' committee, claimed that the strike set for 6 a. m. was 90 per cent effective. He included the Pittsburgh district in this statement. Foster declared plants were "down" everywhere.

Steel company officials view the situation optimistically and asserted that at most not more than 15 to 25 per cent of their men had answered the strike call.

At the Carnegie Steel Company it was stated that not a single big mill of the company was closed in the Pittsburgh district. Ninety-five per cent of the American employees of their plants reported for work as usual, it was stated.

All of those striking were foreigners and common laborers. A blast furnace was closed down here and there, as one was said, but claimed that not a single finishing mill was affected. The Carnegie company is the largest of the Steel Corporation subsidiaries.

It is roughly estimated that there are about 100,000 steel workers in Allegheny county, so on the basis of the steel company figures from 10,000 to 25,000 are on strike.

City and County Briefs

Fred Clapp sold out his store, lock, stock and barrel. The new proprietor, Mr. Oxford, who came from Whittier, has taken charge. Mrs. Oxford has taken upon herself the work of the butcher and for such a pleasant lady she does very well in this bloody business. The Clapp family moved across the street in their brown cottage, but they have not yet decided as to their future plans.—Laguna Life.

J. E. Miller, of Stanton, is picking some fine Stone tomatoes off of his 40-acre ranch to be shipped to eastern points. Miller expects to harvest more tons per acre than the general average and he is contemplating following this crop with cabbage.

Harry Winslow could not find a house to rent in Placentia, when the one in which he was living was sold, so he resigned as manager of the Gibbs lumber yard and moved to Los Angeles where he has a desirable position.

Ray Wilson of the Orange County Ignition Works underwent an operation Friday morning at the Fullerton hospital.

Dr. and Mrs. H. A. Johnson of Anaheim have gone East on an extended business and pleasure trip. The doctor will take a special course in surgery at Rochester, Minn. They expect to visit nearly all of the large eastern cities.

Owing to the fact that it is difficult to get furniture, that is the kind they desire, the proprietors of the Fullerton Furniture Company store are planning to start a factory of their own and hope to have it in operation this fall.

F. C. Blankenship, one of the proprietors of the Seal Inn, is the new manager of the Jewel City Cafe, having purchased the furniture and fixtures of C. L. Flack the first of the week. It is understood that Mr. Blankenship will still retain his interest in the Seal Inn and give much of his time to the managing of that place.

E. S. Morrow, district manager for the Pacific Telephone and Telegraph Company, is back at his desk today, after a vacation of two weeks, which his wife also enjoyed with him. Part of the time was passed in the Yosemite Valley, they being joined at Cowan by Kellar Watson and wife of Orange, the two parties going into the valley together. The latter part of last week was passed by Mr. and Mrs. Morrow at Laguna Beach.

Tustin Chamber of Commerce will meet this evening at Tustin schoolhouse at 8 p. m. Important business will be transacted.

Forest Supervisor M. R. Tillotson of San Diego, and Forest Ranger J. B. Stephenson of El Toro, who were called to assist in fighting forest fires in the Angeles Forest, were assigned to take charge of the fighting of the fire in the Coldwater-Cattle canyon district. With fresh crews of men, they entered the fight Saturday and are still on the job.

SEVERAL STEEL PLANTS CLOSED BY STRIKE

Others Lose Part of Force and Some Are Running As Usual

(Continued from page one.)

Buffalo Slag Company and the Donners Steel Company. Union heads state that the number on strike is 20,000, while company officials place the number at not more than 12,000.

Chicago, Ill.

CHICAGO, Sept. 22.—Steel production in the South Chicago district was practically at a standstill today.

Of eleven furnaces at the Illinois Steel Company's plant, two were burning, with pensioned workers who feared they would lose their priority right to pensions if they did not return to work, firing them.

The Irons plant was completely tied up with 1200 men and five managers out.

Two furnaces of three burned at the Wisconsin Steel plant and 50 per cent of the men were at work, according to plant managers. This was denied by L. M. Rogan, secretary of the Allied Union Steel Council, who said but few returned.

At the by-products plant, where in normal times 280 coke ovens are burned, thirty men out of 1100 were at work.

It was unofficially reported that 200 to 300 men were at work in the plant of the Federal Iron and Steel Company.

Sharon, Pa.

SHARON, Pa., Sept. 22.—Seven thousand men were idle at 10 o'clock today in the Shenango Valley as a result of the iron and steel strike, according to Secretary Coates, of the local union of the Amalgamated Association, who declared that 75 per cent of the workers are on strike.

Plants of the Shenango foundry, Sharon and the Sharon Foundry Company at Wheatland, were closed at 9 o'clock.

Only the 14-inch mill of the Sharon Steel Hoop Company is being operated.

Nearly all foreigners employed by the National Malleable Company quit today.

Four mills of the hot mill department of the American Sheet and Tin Plate Company are in operation, but the remainder of the plant is badly crippled. The Mercer, Pa., works of the company are operating at 50 per cent.

The Carnegie mills are being kept open, but short handed.

Duluth, Minn.

DULUTH, Minn., Sept. 22.—Employees of the Minnesota Steel Company did not strike today. Officials said the employees are not organized.

The iron range was not expected to be immediately affected by the steel strike, but mines may be closed if the strike in eastern cities continues long.

Great Lakes seamen at the head of the lakes were understood to have voted to strike in sympathy with the steel workers.

Wheeling, W. Va.

WHEELING, W. Va., Sept. 22.—At least 15,000 mill men in Wheeling and vicinity were idle today, it was estimated. Not a plant was operating. Workers, following mass meetings Sunday, went to their homes and failed to appear at plants. All blast furnaces were blown out last night.

Ten plants are located in the Wheeling district, half of them belonging to the United States Steel Corporation.

Atlanta, Ga.

ATLANTA, Ga., Sept. 22.—Twelve hundred employees of the Atlantic Steel Company here reported for work as usual this morning. President R. G. Allen, of the local steel workers' union, said he had received no instructions from union headquarters to take part in the strike.

Lancaster, Pa.

LANCASTER, Pa., Sept. 22.—All iron and steel mills in this county were reported working as usual this morning.

Youngstown, O.

YOUNGSTOWN, Ohio, Sept. 22.—After all steel plants in Youngstown had opened for operation with depleted forces this morning, two mills—the Republic Iron and Steel and the local plant of the Sharon Steel Hoop Company—were closed tight when practically all the men walked out. Other plants are continuing to operate, although union officials claim that by Tuesday every plant will be forced to suspend.

Opening of the mills today was marked by no disorder. Police were stationed at all gates, but strike pickets remained one block away and no attempt was made to start trouble.

GLENN COUNTY FAIR OPENS AT OAKLAND

ORLAND, Cal., Sept. 22.—Farm Center exhibits from every farm center in Glenn county are being shown here today in the opening of the Third Annual Glenn County Fair, to continue to Saturday. These farm centers will compete for the perpetual trophy offered by the Glenn County Savings Bank.

SOUTHLAND EDITORS WILL MEET AND DINE

LOS ANGELES, Cal., Sept. 22.—Two meetings and a banquet comprises today's assembly of members of the Southern California Editorial Association in conference at the Clark Hotel.

John E. King of Hemet, president of the association, will preside as toastmaster of tonight's banquet.

The morning meeting was almost entirely "strictly business." Friend W. Richardson, Berkeley Gazette, addressed the editors this afternoon, on "Needed Newspaper Legislation," followed by a discussion led by Hon. Crombie Allen, Ontario Report.

This evening's banquet will be enlivened by a "Bit of Retrospect" by Lon F. Chapin of the Pasadena Star-News. Lyman M. King, state senator and editor of the Redlands Facts, will discuss "The Newspaperman and the War."

BIG BUSINESS

The past week has been the biggest and best since we entered business in Santa Ana, showing an increase of about 35 per cent over any other previous week.

We certainly wish to thank the people who made this increase possible.

Our motto has always been "give the best service" and "satisfy the customer."

Increasing business, like the past week, serves to give us encouragement to do better.

Our customers are asked not to leave the store until satisfied.

"There's a reason."

Give Your Child the Benefit of the Doubt

Do you know that hundreds of children in this land of ours are struggling along handicapped by defective eyesight without even knowing it? Every child thinks he is normal until he is told better or until he finds out later in life that he is physically defective. Don't you think it wise to KNOW that your child's eyes are good?

As an optical specialist, I am able to determine your every eyesight requirement. The thoroughness of my system enables me to provide glasses that give your eyes 100 per cent usefulness. My service is distinctive and scientific in every way, competent to handle the most intricate work.

Perhaps I can suggest to you better and more efficient eye-glass methods than those you have heretofore been accustomed to. For instance, to patrons whose vision requires glasses for reading and distance, I would recommend the well known Kryptoks which have the advantage of near and far vision invisibly joined into one pair of solid lenses, void of seams or humps.

JOIN RED CROSS IS URGED BY PRESIDENT

School Children Are Asked To Become Members of Junior Organization

Two years ago, as president of the United States and as president of the American Red Cross, I addressed to you a letter in which I advised you to enroll in the newly organized Junior Red Cross, and I explained to you some of the ways in which the Junior Red Cross would help you to be useful to your country and to the children of those countries which were associated with us in a great war against a powerful enemy. Millions of you did join the Junior Red Cross and worked hard and what you did is warmly appreciated by the whole country.

Now, by the blessings of God and through the faithful performance of duty by our soldiers and sailors and the soldiers and sailors of the countries by whose side we fought, a great victory has been won and the war is over, but I am sure that you wish to continue to be useful to your country and to children less fortunate than yourselves. Therefore, I am writing to you at the opening of the new school year to advise you again to join the Junior Red Cross, which has planned a work for peace time even larger and more systematic than the work done during the war.

The Junior Red Cross will instruct you in ideals and habits of service, will show you how to be useful to your school, how to aid the older people in your community in their efforts to promote the health and comfort of the people among whom you live, and how to help children who are still suffering from the effects of the great war in foreign lands invaded by the enemy.

The recent war was the greatest of all wars, not only because more men and nations were engaged in it than in any other war of history, but also because, as a result of it, people have seen a vision of a different kind of world from the world of the past, a world in which nations shall unite for the purposes of peace and good will as they formerly united only for war against an armed foe. In working for the children of other nations you will come to understand them better and they will understand and appreciate you more.

Your education will not be complete unless you learn how to be good citizens, and the Junior Red Cross plans to teach you simple lessons of citizenship through its organization and its activities. It is your generation which must carry on the work of our generation at home and abroad and you cannot begin too soon to train your minds and habits for this responsibility. By doing what you can to make happier the people of your own neighborhood, your state, your country and also the people of other lands, you will make yourselves happier.

(Signed) WOODROW WILSON.

SOUTHERN CALIFORNIA

COVINA, Sept. 22.—Professor Ban S. Millikan, district superintendent of the Covina school system, has completed plans for the cornerstone laying for the new \$150,000 grammar school group of buildings. The Grand Lodge of Masons of California will conduct the ceremonial, assisted by the Masons and affiliated bodies of Southern California. The ceremonial will be observed on the afternoon of September 27.

RIVERSIDE, Sept. 22.—Preliminary steps in the organization of the Moreno Mutual Water Company have been completed, according to George A. Sarau, attorney for the company. Work of incorporating the company will be pushed as fast as possible in order that water may be turned on the 2000 acres it is proposed to irrigate.

VENTURA, Sept. 22.—Some 1300 sons of Ventura county, who served in the United States army, navy, marine corps, merchant marine or the army or navy of any of the Allies, will be royally entertained on September 24, at Seaside Park, Ventura, by the people of Ventura county. The schools will be closed.

LOS ANGELES, Sept. 22.—E. J. Lickley, supervisor of compulsory education, lawyer, lecturer, writer and teacher, may be next Los Angeles superintendent of schools in place of Albert Shields, resigned. This was learned yesterday from reliable sources. Supervisor Lickley has been connected with the Los Angeles schools. He came here from New York, where he was a well known writer, and was assigned to handling the difficult problem of educating wayward and truant boys.

LONG BEACH, Sept. 22.—D. A. Gwartzney, 24 years old, of 1111 East Fifth street, and Edwin Birnie, 29, of 1741 Ohio avenue, were instantly killed yesterday when an airplane in the hands of Young Gwartzney fell into a tall spin at a height of 500 feet. The accident occurred near the hangars of the Western Aviation Company on the Los Angeles-San Pedro boulevard, Wilmington.

PASADENA, Sept. 22.—As an antidote for the martial spirit that pervaded school, as well as all other life, during the war, the Audubon Society of Pasadena has requested the school board to introduce a regular Audubon course of study in bird life in the schools this year. It is expected that the school children will voice an endorsement of the program, as it calls for whole days spent afield, studying birds, once a month.

THE ONLY THING THAT EVER DID HELP ME

This is What Mrs. Campbell Says of

Tanlac. Suffered Six Years. "Of all the medicines and treatments I have taken during the past six years, Tanlac is the only thing that has done me any good at all," said Mrs. Sadie Campbell, who lives at 1353 Geary street, San Francisco, Cal., the other day.

"I had suffered so much from stomach trouble," continued Mrs. Campbell, "that I was in a very weak, run-down condition. When I began taking Tanlac I had such little strength and energy about me that the least exertion would almost prostrate me. Every time I ate anything I would have bad spells of indigestion, and what I ate would sour and cause gas to form which made me miserable for hours afterwards. I had a dull headache nearly all the time. My liver didn't seem to act well, either, and I suffered a lot from biliousness, and would often get so dizzy that I could hardly stand on my feet. My nerves were in bad condition, too, and I hardly ever got a good night's sleep."

"Then I heard about Tanlac, and thought I would give it a trial, and it certainly proved to be a God-send to me. I have only taken three bottles so far, but I feel like a different person altogether. Why, I have actually gained eight pounds already, and feel so well and strong that I can easily do all my housework, and get about as well as I ever did in my life. My appetite is good, and what I eat agrees with me perfectly, and I never have a sign of indigestion or sour stomach any more. My nerves seem to be in perfect condition, and I sleep soundly for eight or ten hours every night. I think Tanlac is the best medicine on earth, and I am so happy over what it has done for me that I just talk it to everybody I meet."

Tanlac is sold in Santa Ana by Rowley Drug Co., in Fullerton by G. W. Finch; in La Habra by H. H. Hillbert; in Huntington Beach by Rigdon's Pharmacy; in Orange by Dittmer's Mission Pharmacy; in Placentia by A. J. Robinson; in Tustin by Tustin Drug Co.; in Brea by Brea Pharmacy; in Buena Park by Regal Drug Co.; in Garden Grove by O. H. Anderson; and in Laguna Beach by Laguna Beach Pharmacy.—Adv.

MEXICAN TAKES OWN LIFE BY USING PISTOL

Tired of life, Ramon C. Zuniga last evening took his own life at the Santa Fe station house. He placed the muzzle of a pistol in his mouth, pulled the trigger and was instantly killed.

Zuniga had been working for the company as a track walker. No reason for self destruction has been brought to light. He leaves a wife and a number of children. An inquest is being held at Smith & Tuthill's this afternoon.

"MERRY MOMENTS"

There is a time and a place
That we will prove in this space.
If you give us a chance to make
good.

Just stop a moment at the Park Drug
Shop.

Buy pills and a bottle of pop.
Or anything else, that's just as good.

You will find all our goods dandy.
From Prescriptions down to candy.
And no profiteering allowed.
But we are in the game,
"Good Mixers" our name;
You know a silver lining to every
cloud.

Now, if you have time to spare,
And want to go some where
Drop in any time at your leisure.
There is a Fountain in play;
You need not limit your stay.
For your delight and our pleasure.

To those who read this verse,
Don't say "it could be worse."
For we know quite well it could.
But it pays to advertise,
No matter in what guise,
If you do unto others as you should.
—P. D. S. Ad. Agt.

NO LOVEMAKING IN BURMESE COURTING

Many Queer Rules Regulate Marriage Arrangements, Says Writer

When all these seductive feminine arts have produced the desired effect and the roving eye of the young girl has focused upon the man of her choice, she enters into her season of courtship. She can meet her sweetheart at pines, those festive parties that seem to take place every night in Burma. Here the Burmese girl in search of a husband establishes herself at a stall for selling tobacco, long cheroots, or flowers. It is not considered at all degrading for a woman to keep a stall. In fact, any number of well-to-do women set them up at places where crowds are liable to congregate, as it is said a stall, shop or booth is the quickest way of attracting a desirable husband. In the smaller towns there is scarcely a house where the women have not arranged a small shop for the sale of betel-nuts, coconuts, looking glasses, toilet articles, or cotton goods from Manchester. The profits of this little trade are pin money for the wives or daughters. The English say that the Burmese woman is a better business man than her husband, and that in driving a sharp bargain she is far more successful than her much less aggressive husband.

Pagoda feasts offer exceptional opportunities for lovelorn swains, and many young couples have found their future happiness when gazing into Buddha's eyes. Even time is courted time the world over, especially in this country, which is too hot during the day to permit any useless expenditure of energy, even by an ardent lover. They also say that the men of Burmah are influenced by the proverb:

"In the morning the women are cross and peevish, in the middle of the day they are testy and quarrelsome, but at night they are sweet and amiable."

"There is no lovmaking as we know it in a Burmese courtship, no kissing and holding of hands and embracing. This would be most shocking to the modest instincts of the Burmese maiden. Yet love has, in Burmah, as in all the rest of the world, its own signs. Finally the father's and mother's consent is asked, the dowry fixed, and the astrologer consulted, who will tell them whether a boy born on Monday and a girl on Wednesday may wed. No matter how ardently a match is desired by the interested parties, some unions, judged according to birthdays, would be most unlucky. As each day of the week is guarded by an animal, it naturally follows that a man born on a day ruled by a serpent and a woman on a day ruled by a mongoose, the serpent's deadly enemy, could not possibly live happily together.—From "The Emancipated Women of Burma," by Elizabeth Cooper, in Asia magazine for August.

C. M. MCCAIN OPENS UP REAL ESTATE OFFICE

C. M. McCain, engaged in the conduct of a horse and mule market in this city for a number of years, is breaking into the real estate game, and today is opening an office in the room formerly occupied by the Santa Ana Book Store, adjoining the building of the Farmers & Merchants' Savings Bank.

McCain has taken a lease on one-half the room, Mrs. Ben E. Turner taking the other. Believing that location is essential to the conduct of any successful business, McCain is securing quarters in the heart of the business district and will operate on an extensive scale, hoping to make the place the headquarters for strangers coming into the city in quest of local property.

He has already accumulated a good list of properties and will enlarge this as he gets more actively into the business. The quarters are now being prepared for him and he is doing business there in the meantime.

Charles Spicer & Co.

AUTUMN IS NOW HERE AND BUSINESS IS COMING WITH A RUSH

—We have been looking forward to the biggest fall business we have ever had and our forethought is proving of great value. We placed contracts for merchandise months ago which insures us of adequate stocks that we can sell for less than wholesale prices today.

Sheets and Sheeting of the Better Grades

—Here is a timely item—an item that comes at a time when you are replenishing your supply of sheets and pillow cases. At these prices on today's market and condition of the market, you will do mighty well to buy liberally.

8-4 Bleached Sheeting 77½c
9-4 Bleached Sheeting 85c
72x90 Sheets \$2.00
81x90 Sheets \$2.15

YARD WIDE SILKOLLETTE AT 25c

—Very much the same finish as Silkoline. A big range of desirable patterns to choose from. A cloth most suitable for comforter making. In light or dark colors, a big saving in price over Silkoline. Per yard, only 25c

BUNGALOW APRONS, \$1.50

—We are offering these aprons at a special price that you will feel repaid for a special visit to this store. It will prove to be one of those money saving surprises you often find here.

—Light or dark plain colored percale, while they last \$1.50

Whisk Brooms 19c

—12 Dozen in the lot—made of the best grade of straw—two rows of stitching—wire bound top and metal end.

—While they last you can buy them for the small sum of 19c

Envelope Purses \$1.19

—We have repeatedly bought and disposed of this item the last year at this price and hope we can replace them again, which is doubtful. They prove their value by the fact of the great number we have sold \$1.19

—A neat well made purse of genuine leather.

Beautiful Silk Petticoats \$5.00

—Silk Jersey top and changeable chiffon taffeta flounce. This is the biggest value today in silk petticoats.

—They come in such a big range of colors that you will not be satisfied to buy just one, you will want several. As many as you want while they last \$5.00

—All silk, changeable chiffon taffeta, pretty plaited frills and flounces \$5.00

—Extra size \$6.00

Black Silk Hose \$1.50

—We strongly suggest that you supply your fall and winter needs of this item. These hose were contracted for months ago and can not be duplicated at this price. You must see them to be appreciated. No profiteering here—let them go for \$1.50.

Children's Hose 35c and 40c

—A very low price for such merchandise today and school days call for many pairs for the children. Don't overlook this opportunity to supply your fall and winter needs now.

—A good medium weight and good black. All sizes from 6½ to 9½. Per pair 35c and 40c

Nazareth Waists 45c

—The best knitted supporter waist in every way you can get.

—To be sure the price is everlastingly the lowest we have heard of, only 45c

Children's Handkerchiefs 5c

—Supply the children with handkerchiefs and plenty of them too. Handkerchiefs at this price will be out of the question soon. While they last 5c

We are
making
the lowest
possible
prices on
READY-
TO-
WEAR.

Germantown Yarn 35c

—In all colors (not white).
—The Sunlight quality. The quality that is superior to all of them.
We are making a special price of that in the skein.
While it lasts, per skein 35c

Our
Silk and
Dress Goods
Stock is
now complete
and ready
for your
inspection.

You've noticed we
have a good deal to
say about robust
bodies, keen brains
and happy faces.
That's because

Grape-Nuts

food helps wonderfully
to produce those
happy conditions.

All the goodness of
wheat and barley,
delicious, economical,
nourishing!

BLIGHTED BY WAR

The war, people say, is over. But the results of the war are not yet realized. They go far beyond the material devastation, the loss of life and the wreckage of bodies. The Germans, by their great blow at civilization, have done something to the minds of the nations they fought. Consider the people of Lille, as described by Philip Gibbs, the war correspondent. One of the finest pieces of writing turned out during the war was Gibbs' account of the joy in Lille when the British entered it, after the armistice last November. The people then forgetting their hardships, were wild with enthusiasm. They seemed brimming over with hope and new energy. But it seems to have been only a momentary outburst. They had suffered too much and too long. They could not hold that spiritual pitch. Their great factories are idle, because the machinery stolen by the Germans has not yet been returned, and poor transport in France prevents their getting raw materials. But there are other causes for idleness, physical and mental. "Lille is a city of sick children, many of whom are suffering from consumption, rickets and all manner of disease, as the heritage of four years' undernourishment."

There is a whole generation stunted and crippled. And what of the heritage that generation will leave to the next? More than that: "The mind of the people is sick. The war seems to have changed the men who fought in it or suffered in it. They demand high wages or will not work at all. They look out for any way of pleasure, and have no thrift. There are crimes of violence in dark streets at night. In Lille, as in Amiens, there is much drunkenness. There is no revival of normal life; and there the blessed word 'reconstruction,' spoken in Paris as a magic word, a word of power, is only a fetish and a will-o'-the-wisp."

So the blight of an evil Prussian war has fallen upon the soul of a people, formerly noted for sobriety, thrift and industry. So it has fallen upon people by millions, in many nations. Who can reckon the sum of it, or see to the end of it?

And who, seeing such bitter fruits of international rivalry and competitive armament, can tolerate the continuance of the old system?

THE "REBELS' UNION"

One of the most interesting recent developments in Mexico is the organization of a sort of union by the various rebel chiefs, and a joint demand on the United States for official recognition.

The demand is not really so rash as it might seem at first thought. There are a half dozen of these chiefs, men who have held out successfully against the "federal government," and who together control territory which in extent, and possibly in population and wealth, is about equal to that held by Carranza. They seem, too, to exercise pretty nearly as effective control over their half as Carranza does over him, though unlike him, they do not go through the motions of formal government.

It is hardly necessary to say that there is mighty little prospect of their being recognized as they desire. Recognition of their group would surely result in a new struggle among them for the mastery, and probably throw into chaos the rather large section including Mexico City which has really evolved some sort of orderly administration.

If there is any hope of Mexico working out her own salvation in the near future, it seems to lie rather in the approaching national elections. Carranza has given his oath that he will not be a candidate and will, under no condition, remain in office later than the end of 1920. He has been the great stumbling block to the restoration of internal order and better international relations.

It may be that a successor will arise able to subdue or conciliate the rebels and willing to deal honorably and reasonably with the United States and other nations.

THEIR VIEW OF IT

In view of the recent policemen's strike in Boston and threats of similar strikes in other American cities, the action of the New York firemen deserves special commendation. In order to set forth their position and reassure the public, the "Uniformed

Officers' Association" of the department adopted resolutions declaring: "Being public officials, serving as a force of public safety, we believe that any organized effort on the part of such force to engage in a strike under any circumstances would be mutiny and desertion of posts in time of danger, which would result not only in undue menace to the lives and property of the citizens of the city, but would also be an unlawful proceeding and a crime against civilization and government." Wherefore the association resolved: "That we hereby pledge to the officials of the city and to our employers, the people of the city, that we shall stand faithful to the trust imposed in us and to our oath of office, unswerving in our devotion to duty as members of the uniformed force of the fire department to protect and preserve our city and government, our department and the lives and property of the community."

As for whatever grievances or claims the firemen may have against the city, they express their confidence that the people they serve will deal with them fairly and justly. This particular attitude is recommended to city firemen and policemen everywhere who may not have comprehended clearly the loyalty they owe their community and the essential difference between their employment and that of industrial labor unions.

PUNISHING LOAFERS

Twelve loafers were recently sent to jail in Detroit. The Michigan judge who sentenced them told them that they represented one of the reasons why he had to pay \$10 a pair for shoes. "You are living without producing," said the wrathful judge. This takes one back to the anti-loafing laws of war days. What has become of them and of the lessons of industry and thrift learned then? Consistent, steady and increasing production is the big need today as much as it was during the war. The only difference is that then it was production of war materials which was demanded. Today the country needs everything with which to feed and clothe and house and educate and make comfortable its many millions of people.

Able-bodied persons who don't work voluntarily should be made to feel the weight of public disapproval. Anti-loafing laws, of course, may be carried to an unjust extreme. But there is a happy medium of self-respecting industry and constructive production which ought to be pointed out rather strongly to the would-be shirkers.

Carranza's plans for reorganizing the Mexican army call for enough generals, anyway. But isn't every Mexican in uniform a general at some time or other?

The horse still retains his pedestal when it comes to heading parades, as Pershing's march in New York at the head of the 1st division showed.

Work's the Thing

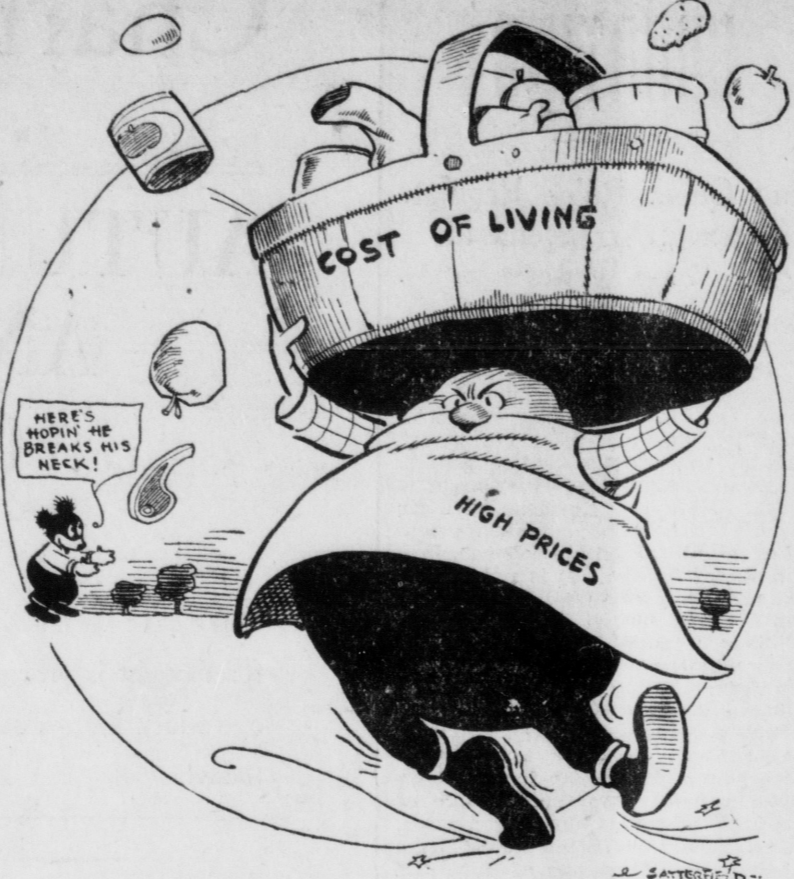

Columbus (O.) Dispatch

Don't let the high cost of living "get on your nerves." Like the warm weather, it is much more uncomfortable for the fellow who thinks about it and talks about it all the time. It is a new era in the world—a new experience for everybody to find prices so high, but people are living as they have always lived—with some enjoying plenty and some barely having sufficient to enable them to live. There are really fewer hungry people in the world today than there have ever been; certainly there are fewer destitute people in this good United States than there ever were before. Stop talking about how you used to buy a bushel of wheat for a dollar or a dozen eggs for a dime. Nobody wants to see such prices again, with their accompanying hard times—for such low prices always mean hard times. If you are determined to think of the cheap prices of the past, just remember that in those days you hired a servant girl for a dollar a week—a human being worked a whole week for a dollar—or a good laborer for a dollar a day—which we would see if prices were as low as they used to be. The standard of living has advanced—thank goodness. Wages are higher than they were before—and there is an abundance of foodstuffs. In some people there is just cause for complaint of course; but when was the world ever properly balanced? The truth is, we are living in the best day man has ever lived, and we are going to solve our problems, all of them. But it doesn't help to solve them by sitting around talking about the high cost of living. Work is the only thing worth doing now—and work will have the world.

Press Comment

Peru is building a new war ship, the inference being that the other one is worn out.—Rochester Post Express. A big crop of anything these days appears to be the necessary prelude to a price increase.—Indianapolis News. What is harder than to keep a secret? To keep a treaty. And what is harder than to keep a treaty? To keep a secret treaty secret.—New York Evening Sun. There is a possibility that England may become dry. This may account for the desire that has sprung up in Scotland for independence.—Nashville Tennessean.

Worth While Verses

THEIR MOUNTAINS AND OURS

I don't know who Antonio was,
Jacinto, or Gorgonio was
Before they sloughed their Mortal scars
And climbed to lands beyond the Stars
To bask by Heavenly fountains,
Although a firm Protestant, I
Should like to see them when I die
And tell them when, and where, and why
I used to love their mountains.

I never searched through musty toms
To find out where they had their homes
Nor how they won their saintships
In this troubled vale below.
If they, as do their namesakes yet,
Taught men and women to forget
The things of Earth and lift their eyes
To God's own everlasting skies,
If pure their hearts as in the breeze
That loves to lave their namesakes' trees
I guess They were some Regular Guys
In years of Long ago.

—James C. Threlfall in October Sunset.

WELL KNOWN YOUNG MAN DIES SUDDENLY

Suffering from a sudden attack of illness caused by ulcers of the stomach, Harry F. McVay was taken to the Santa Ana Hospital Saturday, was operated upon Saturday evening and died yesterday morning at 6 o'clock. Harry McVay was the son of Mr. and Mrs. W. S. McVay of 102 South Broadway. While a student in Santa Ana High School, from which he graduated in 1916, he was well known and very popular in football and social circles. He entered Stanford University, but an attack of illness, the first of the long period of illness that finally resulted in the attack Saturday, caused him to return home.

While not well, Harry was able to attend to his duties as a timekeeper at the Santa Ana Sugar Co. plant. It was while at work there Saturday that he suddenly became very ill, and was taken at once to the hospital. A consultation of physicians resulted in a decision to the effect that the only chance to save his life was through a serious operation. Harry was 21 years of age, the only son of Mr. and Mrs. McVay. His mother, who has been visiting in the East, was informed yesterday by telegraph of the death of her son, and she and her sister are now on their way here from Pittsburgh, Pa. It is not expected that she can arrive here before Friday, and the hour of the funeral is not to be set until it is learned when she will arrive. Harry McVay was well known in Santa Ana. As a boy he was his father's first assistant in handling the circulation here for the Los Angeles Times.

BUILDING TRADES MAY BE HALTED BY STRIKE

ST. PAUL, Minn., Sept. 22.—The steel strike, if maintained, may tie up the structural and building trades, according to union leaders here today. "I understand if the steel companies send out 'scab' material we won't handle it, and if they 'scab' on us we will be asked to quit," said Dave McKee, business agent for the structural and ornamental iron workers, reinforced concrete steel setters, machine-movers and riggers. The steel strike and its effects will be discussed in a general meeting at building trades council tonight, he said.

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying. The E. W. Rose Co., Cleveland, O.

THE CHEERFUL CHERUB

The rising moon sends
A beckoning smile
Down a silvery path
on the sea,
And I've tried and tried
to sail up to her
But she never will
wait for me.

WOULD MAKE SANTA ANA A CITY OF GOOD MUSIC

Editor Register: Why cannot the name of our city be linked up with something besides wind that will make an unforgettable impression upon the mind of the stranger?

The undersigned believes that it can and that it certainly should be.

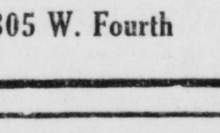

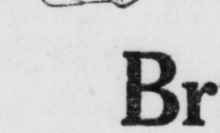

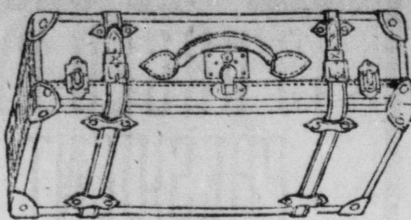

When the tourist hears the name, Riverside, he thinks at once of one of three things, Magnolia Avenue, Mt. Rubidoux or the Mission Inn. Speak the word, Pasadena, and Orange Grove Avenue comes instantly to mind. Similar mental associations arise with mention of other Southern California cities and it is time that Santa Ana were taking on more distinction for features.

Let's make it Music! By doing so we shall choose something than which there is nothing more attractive to most people. Eastern cities by the score are proving the truth of this statement with their municipal bands, orchestras, choral societies, music clubs, music festivals, concert courses, community sings, conventions, better school music, etc. The whole educational, cultural, social and civic life of the community is stimulated. Strangers are attracted by the hundreds and thousands. No better field exists anywhere than right here in Santa Ana for such a program of musical endeavor and the fearless business man, the loyal, progressive citizen, and the wisely directed youth of the coming generation will need no urging to become a partner in such a plan.

The best way to immediately link one's self up with this kind of an effort is to become a member of the Santa Ana Musical Association,—price one dollar and fifty cents per year, which admits you to at least eight monthly concerts of variety and quality. Thus one donates nothing but rather makes an investment in education, recreation and culture.

If the association can win 500 members—and there ought to be easily that number of music loving and music appreciating people in this city—we can have the finest concert course ever presented here. We can also back up community singing and the Christmas music festival as never before.

Several returned service men, well known musicians, are to give the association its opening program of the year Monday evening, the 29th of this month. It will be worth your while to be on hand that evening at the First Congregational church. The concert will be free to the public, but admission will be by membership card only. Come out, everybody.

Trunks and Leather Goods of Quality

Our stock of high quality leather goods, travellers' accessories and trunks—attractive in appearance, convenient for their various uses, serviceable and economical—is most complete.

Suit Cases and Traveling Bags are the best in quality, appearance and arrangement and we are pleased to state that we have an excellent assortment.

There is no place that you can get a better assortment of leather goods—and the prices are right.

Brydon Bros.

305 W. Fourth

Leather Goods, Harness.

sion to all following programs will be by membership card only. Come out, everybody.

Welcome the boys back and at the same time support a movement to elevate Santa Ana to the cultural and educational standards of other cities of this size.

- Stuffed Peppers, 15c

VEGETABLES

- Mashed Potatoes (with pure butter and milk)
- Sweet Potatoes
- Cauliflower
- Spinach
- Individual Pot of Macaroni
- Lima Beans.

To be a servant of the people you must be sincere and honest. You are the servant of your stomach and you make a poor one at that—your stomach demands food to steam up your energy. Here's what you do. You put in your stomach—your bread basket—a concoction of poorly cooked, highly seasoned food. Highly seasoned food deceives your taste by making it impossible to judge the freshness of your meats, then pepper, paprika, etc., irritates and inflames your stomach. To quench your thirst you fill yourself with ices and ice water until you paralyze your stomach and you become uncomfortable and swear at your mother-in-law.

The "Luncheteria" does not deceive its customers with highly seasoned food. It is cooked fresh twice daily and you can eat to the amount of 5c up. Select your food and receive courteous treatment. Our pastry is baked on the same principle as used by your own mother. Get acquainted with our cookery—it is open for your inspection. Any suggestions for improvement or criticisms will be appreciated.

Yours for Service,

LUNCHETERIA

Geo. Gordon, Mgr.

Social Events

JAZZ

It tickles up and down your spine.
The violins and cellos whine,
The cymbals clash, the big cornet
Mixes in with the flageolet
In that syncopating
aggravating
animating
palpitating
fascinating
Something that is . . . Jazz.
It hits your head and then your
feet,
You simply cannot keep your seat.
You want to wiggle, jig and
prance,
Like old St. Vitus at a dance—
That most emphatic
most ecstatic
most erratic
acrobatic
Something that is . . . Jazz.
—Judge.

Married in Los Angeles

Miss Olive Elmore Lopez, elder daughter of Mrs. Olive Lopez, was quietly married on Saturday morning in Los Angeles to James A. Manwaring at the home of her late father's cousin, Mrs. Josefa del Valle Forster, on South Grand avenue. Rev. Father James Lilley, C. M. of St. Vincent's church, officiated at the ceremony. Father Lilley was a classmate of Mr. Lopez in St. Vincent's college, where both were graduates.
A five-course dinner followed the ceremony.
The bride is a graduate of Santa Ana high school and Los Angeles Normal and is a teacher in the city Mexican school.
Mr. and Mrs. Manwaring expect to make their home here, the groom being employed in the Long Beach shipyards. They are spending their honeymoon at Long Beach and Catalina and will return here next week.

To Defend Bill

That the Women's Legislative Council, mother of the community property bill, will defend this measure to the full when it comes up for referendum, was evident by the display of spirit shown at the executive board meeting of the council held last Saturday at the Westminster hotel.

Both southern and northern districts have appointed committees which will submit suggestions at the Women's Legislative Council annual meeting, scheduled for October 28 in Los Angeles. The suggestions will deal with plans for a program of work on behalf of the bill.

The Ebell Club executive board has hospitably offered the club house as a place of meeting for the annual session. The program committee has accepted the offer and the session will take place in its auditorium. It is expected that an executive board meeting will take place in the morning, followed by the formal business meeting of the year in the afternoon, when election of officers will take place.

An elaborate program in the evening, which will be open to the public, is announced. At this Miss Gail Laughlin of San Francisco, prominent lawyer, president of the National Federation of Professional and Business Women's Clubs, as well as state president of the California Civic League, will be asked to speak upon the Community Property bill. It is suggested that an open discussion should follow Miss Laughlin's speech. The program committee is at present considering this recommendation.
The Southern committee appointed to consider ways of working for the Community Property Bill consists of: Dr. Jessica A. Russell, state president

of the California Congress of Mothers and Parent-Teacher Associations; Mrs. Julia D. Phelps, city president of the Women's Christian Temperance Union; Mrs. Elizabeth MacKelvey of the Ebell Club, Mrs. Charles A. Holand, president of the Wednesday Morning Club, and Mrs. Frank S. Wallace, chairman of legislation for the Pasadena Civic Club. The Northern committee consists of Mrs. Frank Law of the Oakland Civic League, Miss Gail Laughlin of San Francisco, Mrs. Sarah J. Dorr of the Northern W. C. T. U. and Miss Martha Igans, chairman of the Speakers' Bureau of the Women's Legislative Council.

Mrs. Hester T. Griffith, vice president of the Women's Legislative Council, conducted the meeting last Saturday, which was attended by a number of representative people from many parts of Southern California. Among the group was the nominee for the state presidency, Mrs. A. J. Lawton of Santa Ana. Mrs. Lawton is state treasurer of the Women's Legislative Council and chairman of legislation for the Southern District, Federation of Women's Clubs.
Mrs. Aaron Schloss, state president of the Federation of Women's Clubs, will arrive from Oakland in time to be guest of honor at the coming annual meeting of the council. Miss Laughlin of San Francisco will be another distinguished guest. The program committee is in charge of the meeting includes Mrs. A. E. Carter, president of the Women's Legislative Council; Mrs. Griffith and other members.

To Attend Stanford

A number of students are leaving this week for Stanford University for the opening of the fall semester.
Among them are Misses Waive Kingrey, Marguerite Tedford, Alverda West; Keith Davis, Eugene Trago, Bertrand, Frank and Edmund West, all of Santa Ana, and Miss Virginia Plimpen and Rock Bradshaw of Orange.

Attend Double Celebration

Former pioneer residents of this city, Mr. and Mrs. Fred Sexton, now of Artesia, were hosts yesterday at a delightful double celebration at their home, in honor of the home-coming of their soldier son, Foster Sexton and his father's birthday.
Mrs. Sexton had been saving a big strutting turkey gobbler for the time when her boy would return and it made a most palatable piece de resistance, when it graced the table together with hosts of other good things to eat. Dahlias made a beautiful centerpiece.

John Jacobs, Foster Sexton's chum and "bunkie" during the war, was present and the lads told many interesting things, while the pioneers kept up with them in reminiscing of old days in Santa Ana.
Covers were laid at the festal board for the hosts, their son, Foster, and the grandfather, F. L. Sexton, aged 95 years, who makes his home with them, their daughter, Mrs. Forest Young and husband of Torrance, Mr. and Mrs. John Jacobs, Mrs. Mina Butcher and Mrs. Cora Cavins of this city.

Luncheon for Officers

Saturday marked a very happy day for the officers of the Eastern Star, when Mrs. W. L. McCleery gave a luncheon for them with the much-feted Miss Flossie Zerman as honor guest.
The guests were invited for one thirty and were received in the cool living-room, where their attention was caught by a charming kewpie bride and bridesmaids both daintily gowned with the bridegroom in "conventional" black and clever smaller kewpies in large picture hats standing around and "looking on" at the bridal procession.
Decorations of green and white were carried out wherever possible, in the appetizing courses of the luncheon and in the appointments the cool apple green tint was also dominant.
Covers were laid on the small tables for twenty-two guests who found their places by appropriate place cards graced with a happy bride in a bower of roses. Favors were tiny maiden hair ferns, bound in white crepe and tied with fluffy green ribbon bows.
An hour or so was passed in the delightful process of luncheon, animated conversation and pretty attentions to the honor guest, who received from the officers a handsome cut glass sugar, cream and bon bon set. It was a courtesy extended with as much pleasure in the "giving" as in receiving, a tribute to Miss Zerman's strong personality.
Mrs. McCleery is a charming hostess and invitations to her home are accepted with alacrity for a good time is always assured them and Saturday's entertainment was one of a number of very pleasing affairs at her home. She was assisted in serving the luncheon by Mrs. Sherman Evans and Mrs. W. W. Clevenger, the guest list including: Mesdames, H. T. Trueblood, Mark Lacy, Walter Cornelius, J. W. McCormac, Fred Rowland, Verne Whitson, L. M. Forcey, C. V. Doty, Geo. Balderston, P. L. Topie, W. Winslow, A. N. Zerman, Charles Brown, Annie Gale, George Whidden; Misses Flossie Zerman, Martha Whitson and Ramona Clevenger.

Winter in Los Angeles

Mr. and Mrs. Lyman Tremaine have taken an apartment at the Noyes on West Adams, Los Angeles, where Dr. Tremaine will work among the subnormal children during the winter.
Farewell Dinner
Mr. and Mrs. Joseph Holtz pleasantly entertained yesterday with a sumptuous chicken dinner at their home in the Silverado canyon, honoring Mr. Holtz's brother, Peter Holtz, who leaves Wednesday for New York.
Mr. Holtz recently received a passport and will sail from New York on October 4 to visit relatives in France. The afternoon was enjoyably spent with music and conversation and before departing, a watermelon "feed" was greatly enjoyed.
Those enjoying Mr. and Mrs. Holtz's

hospitality were Mr. and Mrs. Joseph Young, Anna and Leo Young, Mr. and Mrs. John Rudolph, Elizabeth, Agnes and Marie Rudolph and Peter Holtz.

W. C. T. U. Open Meeting

The W. C. T. U. of Santa Ana will meet Tuesday evening, September 23, at 7:30, in the home of Mr. and Mrs. J. H. Rankin, 815 Spurgeon street. This is an open meeting, husbands and other gentlemen being invited. The subject will be "Recent Legislation," the program being in charge of Mrs. Davis, and the music in charge of Mrs. Winbiger.

Birthday Surprise

Mr. and Mrs. W. B. Culver surprised their daughter, Miss Eva, Friday night with a party in honor of her birthday. A number of her friends and their parents were invited and the evening was most enjoyably passed for the older people by watching the children at their games they found so amusing. Light refreshments were served to Mrs. Ida Wood, Beatrice and Raymond Wood, Mr. and Mrs. Fred Kearns of Long Beach and their four children, Alice, Frank, Bert and Norman; Mrs. J. C. Haskell, Condit, Donald and Darrel Haskell, Lois and Estelle Schlesinger, Merrill Culver, Carl Baker and Mr. and Mrs. Albert Culver.

Visit Clevenger Home

W. W. Clevenger is in receipt of a very interesting letter from his mother, who resides near Wilmington, Ohio, telling of a delightful visit paid them by Dr. and Mrs. I. D. Mills, who went east with the G. A. R. special.

Dr. and Mrs. Mills had the good fortune to arrive at Mr. Clevenger's old home in time to celebrate the fifty-seventh wedding anniversary of his parents and to be the proxy for their son in far-away California. The senior Clevengers are now in their eightieth year.

Sewing Club Entertained

Miss Mary Andrews was hostess Saturday afternoon to the sewing club of which she is a member, at the first meeting of the year.

Ladies' Aid

The northeast section of the Ladies' Aid of the First Methodist church will meet with Mrs. W. D. Baker, 618 French street, on Wednesday afternoon at 2 o'clock. The members are requested to bring with them scissors and thimbles.

Membership Campaign

The Santa Ana Musical Association desires to present well known concert artists to the music loving Santa Ana public this year, and to accomplish this end a greatly increased membership over that of former years is necessary.

A membership of at least three hundred is the aim and it should be no impossible task to make it five hundred if people but realized the possibilities of such an organization to furnish musical treats of the highest class and to promote social, cultural and civic welfare generally.

Mr. Gustlin, the re-elected president, asks that each association member try to interest at least five persons in the work and aims of the organization this week and to personally invite as many as possible to the first meeting of the year which will be held a week from tonight at the First Congregational Church. A most excellent program will be presented by some of Santa Ana's returned musical service men and a rousing welcome is due them.

Membership is open to all lovers of good music whether professional or not. A large student membership is also desired and a special fee of one dollar has been made for such of school age. The regular membership fee is a dollar and a half. Meetings are held monthly and members only are admitted, no single admission to any concert being sold.
Miss Leila Ritner is Secretary-Treasurer and membership cards may be obtained from her at the Bookkeeping department of the First National Bank.

STRENGTH FOR YOUNG MOTHERS

How Lydia E. Pinkham's Vegetable Compound Restores Health and Strength.

Lansing, Mich.—"After the birth of my child I was not able to stand on my feet. I was so weak I could not get up. I suffered such pains in my back I could not work or hardly take care of my baby. One of my neighbors recommended Lydia E. Pinkham's Vegetable Compound. I took it and used Lydia E. Pinkham's Sanative Wash, and I got better right away and was soon a new woman and could work hard, and I can recommend these remedies to other young mothers who are weak and ailing as I was."—Mrs. ORA O. BOWERS, 621 S. Hosmer Street, Lansing, Mich.

Women who are in Mrs. Bowers' condition should not continue to suffer from weakness and pain—but profit from her experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience is at your service.

THE NEW BLOUSE

A cross between a sweater and a smock is the autumn's newest blouse. This model is fashioned of old-gold georgette crepe, and the vest and deep cuffs are of rich flet lace, carefully dyed to match the blouse material. The narrow tie girle and the odd tucked pockets set on the front are extremely suggestive of the sweater.

DEATHS

McVAY—In Santa Ana, on September 21, 1919, Harry F. McVay, aged 21, son of Mr. and Mrs. W. S. McVay. Funeral notice later.

SMITH—In Santa Ana, Cal., Sept. 21, 1919, Mrs. Leah Margaret Smith, aged 83 years, at her home, 801 French.

Funeral services Tuesday, Sept. 23, at 2 p. m., from the late residence, Smith & Tutill in charge. Private interment at Fair Haven.

THE TIDES

Tuesday Sept. 23
3:31 a. m., 0.5; 9:39 a. m., 6.0; 3:50 p. m., 0.6; 9:55 p. m., 5.8.

WANTS ALIMONY CUT

GARY, Ind., Sept. 22.—A steelworker here has appealed that his \$100 monthly be cut down because the strike will prevent payment of that sum.

CARD OF THANKS

We wish to express our sincere thanks to our many friends and neighbors for their kindness and sympathy shown us during the recent bereavement in the loss of our dear husband and father, Carl Schroeder; also for the many beautiful floral offerings.

News from Orange County Towns

LEASE LANDS AT EL MODENA FOR DRILLING

Test Wells to Be Sunk In the Section East of That Place

ORANGE, Sept. 22.—An experienced Pennsylvania oil man, reported to be a man of great wealth and strong eastern connections, whose name is being withheld from the public for the time being, has leased for oil the properties of Mrs. Mary J. Bond, M. J. Monette, W. K. Mead, H. D. Lyman and others comprising a total of more than 1000 acres for the purpose of drilling for oil. These lands are located just east of El Modena, four miles east from the city of Orange and six miles southeast of the Richfield field.

This section has not been regarded by California oil operators as having any possibilities and it is something of an eye-opener and certainly startling to find hard headed eastern capitalists and oil experts coming in to Orange county and pioneering in advance of our own "big wigs," the Standard and Union.

The deal between the Commonwealth Petroleum Oil Company and the Columbia Oil Company, an Orange county concern, controlled by Mr. Scott of the Tajo Building, Los Angeles, negotiations for which have been pending for some time, was consummated this week. Following its usual policy in its California acquisitions this new operator in California announces that not change will be made in the management or operation of the Columbia.

The properties of the Columbia Oil Company in the Fullerton field are located at Olinda just above and adjacent to the West Coast Oil Company. It is one of the oldest, most conservative and successful operators in this famous field.

Miss Marie Grecht entertained delightfully with an informal dancing party at her home on East Walnut street, honoring the Misses Vilma Benson and Clara Brown, who left yesterday for Claremont, where they will attend the Pomona college. Japanese lanterns and shaded candles were used as decorations in the dancing room, giving a very cozy effect.

Dainty refreshments were served late in the evening. Those present, other than the honorees, were the Misses Della Franzen, Helen Hoenshel, Alma Dierker, Gertrude Klahn, Erna Bandick, Gertrude Fay, Myrtle Klahn and the hostess, Marie Grecht.

Mr. and Mrs. E. W. Camfield of 1049 East Palmyra avenue received word from the Pacific hospital in Los Angeles Friday evening that a nine-pound baby boy was born to Mr. and Mrs. J. W. Moore of that city, September 19. Mrs. Moore will be remembered as Miss Bernice Camfield.

Mrs. Rose Luce, employee at the Santiago packing house, sustained a painful injury Saturday morning when an iron bench fell on her right foot and crushed it.

Mr. and Mrs. John Mueller left Sunday for an extended trip to Nebraska and other eastern states.

CONGRESS HOME GUESTS

TALBERT, Sept. 22.—Mrs. Anna Courreges, a sister-in-law of R. Courreges and her daughter, Mrs. Elise Jaynot, both of whom are of San Francisco, have been guests for a week at the Courreges home. While here they were entertained with a number of sightseeing trips over the county and to special points of interest.

Oh, man!—what a Hat! What style and splendid quality. Yes! it's a "Mallory" and as good as it looks.

They compare favorably with the most expensive hats without the excessive prices.

Mallory Hats

meet every demand of the careful, well dressed man. The new Fall styles and shades are the best ever.

ALL EXCITEMENT OVER OIL AT RANGER

Whitaker Home From Trip to Fields at Ft. Worth, Texas

ANAHEIM, Sept. 22.—J. H. Whitaker, secretary of the Anaheim Board of Trade, is home from a trip of ten days to Ft. Worth, Texas. Whitaker was called to the Texas town by his brother, F. A. Whitaker, who wished to consult with him on business. The brother is deeply interested in the oil business in the Ranger field and is making good there.

Secretary Whitaker was surprised at the oil excitement, and says that the whole country there is absolutely oil crazy, but that they have an excuse for it. For forty miles around Ranger and Desdemona wells are being put down and but few dry holes are encountered. The producing wells will average close to 5000 barrels a day, and a company does not consider it has a well if it yields less than 1000 barrels a day. The average hole is about 2800 feet deep but it takes only from 30 to 40 days to sink and complete a well. Wildcatting is being carried on in every direction, and it is not unusual for a land owner to get a bonus of \$5000 per acre for a lease of his land.

The oil at Ranger is of high gravity and brings a top price.

Whitaker was not impressed with the climatic conditions of Ft. Worth, as it was terrifically hot and he was obliged to keep an electric fan in constant operation in his bed room all night. He says when it comes to living, he wants Anaheim for his.

WINTERSBURG AND SMELTZER NOTES

WINTERSBURG AND SMELTZER, Sept. 22.—Mrs. J. H. Pryor and two small sons of Yuma, Ariz., have been guests the past week at the home of Mr. and Mrs. F. M. Pryor and left Thursday upon their return home. Earl Pryor took the guests by machine as far as Los Angeles, from which place they took the train.

Mrs. A. H. Moore left Thursday morning for Indiana, having been called to the bedside of her father, who lies critically ill. Mrs. Moore's brother, W. E. Chilson, left Wednesday morning as soon as the telegram announcing his illness arrived.

Mrs. Nathaniel Walton and Mrs. C. N. Davis were callers Friday afternoon at the homes of Mrs. Hamilton Moore and Mrs. Horace Moore.

Charles Graham had his bean crop threshed the latter part of the week. He had thirty acres and the A. H. Moore thresher was employed.

Mr. and Mrs. Charles Graham have called their little new son Alvin Charles.

Harper and Davidson, promoters of "Coast Boulevard Farms," a tract of land which was recently opened west of Wintersburg, being formerly the ranch property of J. J. Graham, have made a number of sales during the past week. The first sale was to a Mr. McFarlain of Canada, who has been in Long Beach the past ten months while looking about for a location to his liking. He purchased 95 acres—75 on the east and twenty acres on the west side of the road, partially trading in Canada property on the deal. McFarlain intends to locate here and will build a \$2500 residence on one of the pieces of land. Later in the week, Harper-Davidson sold all but three five-acre lots in the 150-acre subdivision, the land going to several different parties who, it is understood will again subdivide and resell. The three lots not disposed of were at the time being considered by other parties. Four five-acre lots in the 160-acre tract where all grading has been completed and streets named were also among the sales of the week. A small residence belonging to J. J. Graham has been contracted for by Harper and Davidson, who will move it on to one of the small farms and by adding other improvements will prepare for sale. The company is putting more improvements on to the tract continually and will begin more grading at once.

UNITED STATES STEEL STOCKS FORCED DOWN

NEW YORK, Sept. 22.—All leading issues, including the steel shares were slightly higher at the stock market opening today. United States Steel opened with 500 shares at 101½ and 3000 at 101¼, up ½ and ¾. Crucible was at 180½, up 3 points; Bethlehem "B" at 96, up ¼, and Midvale at 48½, up ¼.

During the first hour United States Steel was forced down to 100½, then rallied to 101¼. There were indications of scarcity of stock around this level and at one time the stock advanced ¾ of a point between sales on 100 shares of stock.

The manufacture of soap from sewer fats has been begun in Stockholm by a company that also will try to make it from native vegetable fats, including beech mast and horse chestnuts.

In an English treatment for rheumatism and certain other diseases of the muscles and nerves patients are massaged while immersed in baths of liquid peat.

China is estimated to maintain one chicken to every inhabitant of that country, or about 400,000,000.

NEWS FROM TALBERT

TALBERT, Sept. 22.—Among friends from here who attended the funeral of J. T. Stockton, who was electrocuted at Wintersburg Sunday night a week ago, were Mr. and Mrs. P. A. Isenor and family, R. Courreges and Laccabanne.

Mr. and Mrs. Charles Ward were unaware of danger having been in their vicinity a week ago when the high voltage wire broke northwest of them, until the following morning, when one of the neighbors told them of having seen a "streak of lightning" shoot at least twenty feet up from their tank house while the trouble was on. Their telephone line is connected on to the tank house and the extra dampness gathered from the tank is supposed to have attracted the electricity.

Hugo Lamb has his thresher under repair at present, getting it in readiness to start on the bean season.

Miss Gortula Ambrose left Thursday for Paso Robles, where she will spend the winter with her sister, Mrs. Taylor. She had been a guest here for the summer, of her sister, Mrs. Charles Ward. Mrs. Ward took her to Santa Ana to meet the train Thursday and later Mrs. Ward and Mrs. Perry Wells, who accompanied them, attended the funeral of J. T. Stockton.

Mr. and Mrs. Charles Ward were hosts at dinner Wednesday evening at their home when they entertained a party of relatives. Those in the party were Mrs. Ward's uncle and aunt, Mr. and Mrs. Joseph Dismukes of Santa Ana, and cousin, Miss Zylpa Dismukes, uncle and aunt, Mr. and Mrs. Robert Elliott of Garden Grove, and cousin, Walter Elliott, and Miss Gertrude Ambrose, for whom the farewell was given, prior to her departure for the north.

The main run of the beet harvest is over and work at the beet dumps is slowing down to some extent.

F. D. Plavan, Emil Lecrivain and Ed Helm are among those who are taking out their beet crops at present.

Wilbur Weddle and Alva Weddle have each had new tops put on their automobiles.

Will Jones is back at graveling roads in the northern section of Talbert district, some gravel having been obtainable again since car service on the P. E. line has gone back to normal. Several carloads are now expected for use on the roads south of Talbert, which will be put on by S. E. Talbert's men and teams.

S. E. Talbert finished cutting the last of his bean crop Thursday and called to the bedside with the exception of half a day's work.

John Pope cut his beans the latter part of the week.

Jim Dunn is among the ranchers here who are busy cutting and piling their bean crops.

Cards written by Mr. and Mrs. Tammany Vincent while en route to their home at Grangeville, Idaho, have been received here. The Vincents left here Thursday, September 11, expecting to go immediately to San Francisco by boat, but found they

could not get a boat out until Saturday, so returned to Los Angeles and put in the intervening time in that city. They left San Pedro Saturday night, arriving at San Francisco at 6 a. m. Sunday, and it was from the Ferry building there that the word of their delay was sent. Both were very sea sick the entire trip and were still feeling far from good when they wrote.

Miss Mildred Moody and Miss Emma Von Greunegen, teachers of the local grammar school, are both remaining at Miss Moody's home at Huntington Beach as yet and going back and forth to school, as they have not fully settled plans for accommodations here.

Accompanying the northern visitors here was Mr. Courreges' daughter, Mrs. P. Laccabanne of Los Angeles, and her son, August. On Thursday Miss Jossie Courreges took the guests to Los Angeles and she remained as a guest of relatives and friends in that city over the week-end.

Miss Anna Clark, who has spent the summer at her home in Utah, returned the latter part of the week and is again a member of her sister, Mrs. Ray Wardlow's family for the duration of the high school term. She entered the Huntington high school.

Miss Mable Lee Woodson and Miss Ruth Weddle, two of the June graduates of the local grammar school, entered the freshman class of the Huntington Beach high school last Monday. The other two members of the class, Miss Gladys Wardlow and Kathleen Helm, enrolled in the Santa Ana high school and have been attending the past week. Miss Wardlow is making her home for the term with her grandparents, Mr. and Mrs. R. B. Wardlow, in Santa Ana, and Miss Helm is staying at the Antone Borchard home at Greenville and attending Santa Ana school from Talbert are Claire and Vance Wardlow, Mildred Swift, Wilma Plavan and Dorothy Helm.

The Callens-Gisler-Borchard bean thresher opened the season at the Helm ranch Tuesday of last week, going from there to Greenville. The capacity of the thresher is 1500 sacks per day.

Mr. and Mrs. J. E. Pettitt and their daughter and son-in-law, Mr. and Mrs. W. E. Perrin, and little son drove over from Whittier last Monday to the S. E. Talbert home, the Perrins coming to bid them goodbye, as they were leaving the same evening for their home in the North, after a two weeks' visit here. Mrs. N. J. Thurman returned to Whittier with them to make a visit at the Perrin home.

On Tuesday Mrs. Pettitt, who had not been well for a week, visited several doctors in Los Angeles concerning her condition and found she was suffering from appendicitis and that an operation was necessary, so she began preparations to enter the California hospital Thursday, preparatory for the operation.

Unable to ship by express, on account of the railroad strike, a woolen company in Maine made a large shipment of cloth to New York by parcel post recently.

SANTA ANA WOMAN WINS PRIZE IN CONTEST

Mrs. B. F. Porter Suggests Name For Carnival at Anaheim

ANAHEIM, Sept. 22.—The Anaheim annual one-day carnival has a name. "Miehana Gamut," is it.

Not particularly phonetic, it is true, but expressive.

From henceforth the great annual event to take place in the autumn will be known as the "Miehana Gamut."

But where did you get that name? is the question asked. It happened this way: The committee gave a prize of \$10 for the best name handed in up to 6 o'clock Friday night. Mrs. F. T. Porter of 628 North Birch street, Santa Ana, used the word, "Gamut" and Mrs. W. A. Gust and Walter Hodges, both of Anaheim, sent in the word "Miehana," being the name of Anaheim spelled backward. The committee combined the two and will divide the prize, Mrs. Porter getting one-half and the other two one-quarter each.

AMUSEMENTS

VIVID CHINATOWN SCENES.

Have you ever been in New York's Chinatown? The chief dens of vice there have now been cleaned out by the police, but in "The Miracle Man," a new Paramount-Artcraft picture, which will be the attraction at the Temple Theater soon, a typical haunt of criminals of the olden days is shown in all its sordidness. From New York's slums the scene shifts to the high mountains near the sea, where a band of crooks, who have come there to make money by commercializing the powers of an aged healer, are strangely transformed into useful and law-abiding citizens.

DOPESTERS HAVE HARD JOB WITH BIG SERIES

White Sox Have Edge Some Ways and Reds Ahead In Others

By HENRY L. FARRELL.
(United Press Staff Correspondent)
NEW YORK, Sept. 22.—Figures never lie, a sage once intimated. But he didn't have baseball in mind when he waxed wise.

Doping world's series champions with a pencil is perilous pastime for an aspirant to the select circle of "those who know." The Braves of '14 proved, that.

Pat Moran and Kid Gleason have teams filled with the winning spirit. But it is of vastly different brands. The Reds were keyed up through the championship drive with a frenzied desire to run up the first flag that has graced a Cincinnati pole in fifty years. They were after the honor.

The White Sox, on the other hand, were spurred on by the dollar sign. They admit that they are money players. The glory of a championship is not new to them.

On the attack the Sox outweigh the Reds by a comfortable margin. Headed by Jackson, Collins, Gandil and Weaver, Gleason has a wrecking crew that has been hitting for .283. The Reds have only two real hitters, Roush and Groh, while the team averages around .263. The White Sox have six above the .290 mark.

In fielding the Reds have a slight edge on the Chicago team. On the bases the Reds have the advantage. They get more out of their hits and have fewer men stranded. In pitching, the Reds have quantity and quality. The White Sox have to be content with quality. Moran's hurlers have contributed 72 victories to the Red cause, while the noted trio bearing the brunt of the burden for Gleason have turned in 6 winning games.

Both teams have the leading southpaws in their respective leagues in Sallee and Williams. Both teams have the king pin right handers in Luque and Cicotte. Five of the Red pitchers, Sallee, Luque, Reuther, Fisher and Eller occupy the first six rungs of the National League ladder. Cicotte and Williams are second and third in the American while Dick Kerr, the next best bet, is in the twelfth hole.

It is estimated by competent authorities that 30 per cent of the leather furnishing animals of Italy have been slaughtered for food purposes during the war. Some years are necessary to recoup these losses.

The increase in the cost of living in Great Britain since 1914 is 160 per cent, and in France is 292 per cent.

TOBACCO HABIT DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug of Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and let the pernicious habit quickly vanish. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

Forests of Northland Rich In Animals, Both Large and Small

WASHINGTON, D. C., Sept. 22.—A mighty mobilization has been in progress for weeks. Rifles, shotguns and fowling pieces have been oiled and adjusted to perfection of action; ammunition has been collected; campaigns have been outlined. Now the army is moving. It will not pit its strength against another army of men, but against the birds and beasts of the wilds. The annual exodus of hunters swarming into the north woods is taking place.

There is lots of good hunting in the States, but as it is always more fun to play in the other fellow's yard, so it is more fascinating to hunt in another country. Add to this the fact that the Canadian woods are rich in game, large and small; that no passport formalities are imposed and it is not surprising to find American sportsmen streaming across the border into the hunting grounds of our northern neighbor.

From Nova Scotia to Vancouver and from the border to the Arctic circle is a wide field, yet one where game can be found almost anywhere. Hunters have the widest choice of localities and game. To hunt in the Cassiar District of the northwest is the ambition of every hunter of big game. Moose, caribou, goats and bears are so plentiful there that a full bag is assured to every comer.

For those who cannot take the long trip to the Cassiars, there are the New Brunswick woods, just over the line; Nova Scotia, a little farther away, and the almost limitless woods of Ontario. Timagami, North Bay, Trout Lake, near Paget, and Ka-Wig-a-Mog, near Pabesley, are all excellent hunting centers within less than a day's journey from Toronto.

'Round Coast League Bases

The Angels went back to the top rung by capturing Sunday's double bill from the Seals, 10 to 8 and 5 to 4. The Beavers and Rainiers broke even. The McCredie men won the first, 8 to 7, and lost the second, 12 to 8.

It took two games to convince the Tigers that Sunday should have been a day for churchgoing as far as they were concerned. The Bees won both, 7 to 6 and 14 to 6.

The Oaks won and lost with the Senators. The commuters took the morning game, 5 to 4 and dropped the afternoon contest 2 to 0.

Watching the Scoreboard

Yesterday's hero—Ray Caldwell, comeback star hit a double in the ninth and helped Cleveland win its tenth straight game, beating Washington 8 to 4.

Slim Sallee lost to the Dodgers, 3 to 1, but he made a record of pitching only sixty-five balls in a 55-minute game.

Pratt's home run helped the Yankees into third place by beating the Tigers 4 to 3.

Alexander blanked the Braves, 3 to 0 in a 58-minute game.

WRIGLEY WILL SELL CUBS, SAYS CHANCE

LOS ANGELES, Sept. 22.—William Wringle, Jr., is ready to sell the Chicago Cubs, according to Frank Chance, who has just returned from an eastern trip. Chance declared that he and Barney Oldfield had the backing to buy the club but he decided he didn't want to try another "comeback" and gave up the project.

Chance added that practically every major league club excepting the Giants, White Sox and a couple of others, are for sale.

BALLOON RECORD IS EXPECTED AT RACE

Noted Pilots Are Entered For Contest on October 1 at St. Louis

ST. LOUIS, Sept. 22.—New national and international long distance flight records are expected to be made in the national balloon race to start from here October 1.

The record now is held by Allan Hawley of New York. He traveled 1350 miles in 1909. He started from St. Louis, landing in Northern Canada.

The complete entry list for the race announced by Major Albert Bond Lambert, directing arrangements for the race, follows: Captain Elmer G. Marchez, St. Louis; Captain Carl W. Dammann, Wichita, Kan.; Ernest S. Cole, St. Louis; John S. McKibben, St. Louis; G. L. Bumgaugh, Indianapolis; H. E. Honeywell, Kansas City; Ralph Upson, Akron, O.; William Assman, St. Louis; Paul J. McCullough, St. Louis, and Warren Rasor, Brookville, Ohio.

Honeywell finished second in the international race in 1912, starting from Berlin and landing in Moscow, Russia. He has competed in other international ballooning. Cole, McKibben, Honeywell, Rasor and McCullough were balloon instructors in the United States army air service.

Rules of the Aero Club of America will govern. The Missouri Aeronautical Society will conduct the race.

BONDS FOR GYMNASIUM AT ORANGE DEFEATED

ORANGE, Sept. 22.—A gymnasium is not for the Orange Union High School. The voters at Saturday's election refused to support the bond issue \$50,000 for a gymnasium. Only 457 votes were cast in the big district, indicating that little interest was taken in the project. Of the total 265 were favorable and 192 were not.

There were four polling places, the result in each being as follows: Orange—Yes, 203; no, 173. El Modena—Yes, 29; no, 7. Villa Park—Yes, 16; no, 3. Olive—Yes, 17; no, 4.

A projectile weighing 1,400 pounds which is fired in fourteen-inch guns leaves the gun at a speed of almost half a mile a second. At three miles the speed has but slightly slackened.

TEAMS CALL ON FIFTEEN TEAMS EVERY MEMBER OF CHURCH VISIT MEMBERS OF CHURCH

Reconstruction Week of U. P. First Christian Church Makes Sunday School Started Feature Day One of Successfully Unusual Interest

Yesterday, upon the first day of its Reconstruction Week program, members of the United Presbyterian Church Sunday school visited every member of the church.

The purpose of the week's program is to strengthen interest in the Sunday school work of the church.

In preparation for the visits of yesterday, the Sunday school was divided up into visiting teams of two each, and during the day every United Presbyterian member in the city was visited and given a program of the week's work. Rev. J. G. Kennedy, pastor of the church, and John A. Henderson, Jr., are leading in the plan.

A feature of the week's program will be that of Thursday evening, when a missionary pageant is to be given.

The program for the week follows: Monday, Sept. 22, 6 p. m., Philathea class supper in the church basement. Cordial invitation to young women.

Tues. 8 p. m., Reconstruction in a reconstructed church building. A social for everyone, with the young people putting on the program. If a laugh gives you a pain, do not come. Each one bring a penny. You'll get your money's worth.

Thursday, 7:30 p. m., Sabbath School night. A program of especial interest, with music and missionary features. Missionary pageant to be presented under the direction of Miss Olive Hutchinson, office secretary of Inter-Church World Movement, Los Angeles.

Friday, 7:30 p. m., A preparatory service out of the ordinary. Picture slides are to be used in a unique method of impressing fact. You should not miss this service.

Saturday, 2 p. m., Soap Bubble party for Cradle Roll and Primary Department children and mothers. Following this preparatory preaching service will be held.

Sunday, Sept. 28, 9:30 a. m., Rally, Reconstruction, reunion. Every class to build some bricks into the Reconstruction wall. This will interest you. This is not an ordinary rally day program. Bring your friends. Our attendance goal is 200. The curtain rises at 9:30. You should be in your seat at

Yesterday was visiting day in the First Christian church of this city. The day was arranged as one of a series of feature Sundays, and was in every way a success.

Fifteen teams numbering from two to five members each left the church building in the afternoon and called upon members of the church. Each team had a list of from fifteen to twenty-five calls to make.

The purpose of the visits was to promote better acquaintance among the members of the church, and to make known to all members of the church the fact that there is renewed interest in the church and that it has a number of plans for increasing its usefulness.

Particular emphasis was laid upon the fact that next Sunday is to be rally day at the church and the following Sunday, October 5, is to be a day upon which special effort is to be made to have every member of the church attend services some time during the day.

GREEN WALNUTS TAKE LIFE OF CHILD, AGE 5

LOS ANGELES, Sept. 22.—An appetite for green walnuts and failure of her parents to obtain aid promptly caused the death yesterday of Hattie Hawkins, 5 years old, colored, daughter of Mr. and Mrs. Frank Hawkins of 1577 West Thirty-sixth street.

According to the child's parents, she complained Saturday evening of feeling ill and later in the night her symptoms became violent.

Yesterday morning all attempts to find a physician failed and the little one finally was taken to the receiving hospital, where the entire trained forces of that organization labored more than an hour in a vain attempt to save her life.

Yeast diluted with lukewarm water, according to a Paris physician, is an effective remedy for burns.

that time.

Sunday, 11 a. m., Quarterly observance of the Sacrament of the Lords Supper. Now is a good time to unite with this church.

COURTHOUSE NEWS

WIDOW IN SUIT LAYS SLANDER TO KINT

Decks Cleared For Trial of Action Tomorrow In the Superior Court

Figuratively speaking, the decks were cleared today for the beginning of the trial tomorrow before Judge West of an action in the Superior court of a suit for \$10,000 damages brought by Mrs. Agnes Maganety of Long Beach, against J. N. Kint, also of Long Beach, who is accused by her of defaming her character.

Remarks alleged to have been made by Kint in the presence of Nathan C. Morse and N. Frank Morse, one of the best known men in the county, and long a prominent citrus grower of the Placentia district, are the basis of the action, which was filed for Mrs. Maganety in February by Attorneys Eden & Koepsel of this city.

In part, the remarks which in the complaint are attributed to Kint are as follows:

"We sure hung it onto her; we produced evidence to the judges showing she had been going to Seal Beach with a man. She has been going over to Seal Beach with this man, raising the devil and it has been going on for some time. We showed her up proper."

These alleged utterances of Kint's, according to the complaint, were made on December 1, 1918, at N. Frank Morse's residence on Palm drive, near Placentia.

Slain in Crash

Kint is a nephew of J. Hayes Maganety, who was killed in an automobile accident at Anaheim on October 22, 1918. After Maganety's death his property, consisting in part of a lot at Long Beach, valued at \$4000, was the center of litigation in the local courts, following which Kint was granted letters of administration.

Mrs. Maganety, who is said to be the owner of a mercantile business at Long Beach, applied for letters of administration of her husband's estate on October 25, 1918. Three days later Kint filed his petition for letters. On the same day Sarah A. Maganety, mother of the man who was killed, filed an objection to Mrs. Agnes Maganety's being granted letters.

Mrs. Sarah Maganety set forth in her objection that the widow had entered into an agreement with Maganety whereby she waived all inheritable right to the Long Beach property, and that by reason of this alleged agreement she was not entitled to succeed to any part of the property.

On November 26 Superior Judge W. H. Thomas handed down a decision denying Mrs. Agnes Maganety's petition. The court held the alleged agreement between the petitioner and her husband valid and in full force at the time of the rendering of the decision. Judge Thomas also held that by virtue of Maganety and his wife having lived apart, a condition which the court held had been voluntarily entered into by the wife, she ceased to be a member of the decedent's immediate family under the law, and on his death was not entitled to a "family allowance."

Appeal Notice Filed
Notice of appeal from this decision

Deposit Checks for Mabury-Tustin Ave. Paving on E. Fourth

OWNERS of property on East Fourth street, outside the city limits, have plans well under way for paving the thoroughfares. It was today announced by County Surveyor J. L. McBride.

Checks from the property owners, to pay for their share of the work, have been deposited and paving operations are to start within a month, according to McBride.

The cost to the property owners will be 65 cents per front foot on each side of the street. The remainder of the cost will be borne by the county, and is to be paid out of the county's funds received from the state motor vehicle tax.

The paving will probably be 18 feet in width and five inches thick, though these points have not yet been definitely decided upon.

The property owners concerned are Arthur H. Lyon, Harry Lewis, F. G. Freeman, E. D. Burge and the Mabury estate.

Tustin avenue, between Fourth and First streets, is also to be paved, the expense to be borne by the Fifth Supervisorial District's road fund.

was filed by Attorneys Eden and Koepsel on May 22.

Following this litigation, Mrs. Agnes Maganety brought a court action to establish her interest in some of the property of her husband's estate, which right, if established, would have given her an opportunity to bring about Kint's removal as administrator. The widow lost this suit, a decision adverse to her having been handed down by the superior court in February.

The complaint in the action which is to be tried tomorrow recites that Kint's alleged remarks referred to a hearing before Judge Thomas. This hearing was held on November 22, 1918, and had to do with one of the petitions for letters of administration in Maganety's estate. It is alleged that there was no foundation in the statements attributed to Kint, and because of this, the plaintiff asks for damages.

Court News

FICTITIOUS NAME

Louis W. Baggott and Harry M. Allen today filed a certificate stating that they are doing business under the fictitious firm name of the Orange County Oil Company, at 214 North Lemon street, Anaheim. The firm does a wholesale and retail business in oils, greases and gasoline.

REPORTS TOOL THEFT

Roy Osborn today reported to the sheriff's office that a number of carpenter's tools belonging to Morgan Runce had been stolen from a chest at the corner of Santiago boulevard and Seventeenth street.

REPORTS HARNESSTHEFT

S. Nishizaki, a Japanese, today reported to Sheriff Jackson that three sets of harness had been stolen from him at the Boyd ranch on Main street, three miles south of Santa Ana.

SEEK MISSING MAN

Frank E. Bethel, 22, employed as a brakeman by the Southern Pacific company, has been missing since January 20, when he was seen at Riverside, according to a report made to Sheriff Jackson today by eBethel's wife, Mrs. Louis R. Bethel, 277 North Glassell street, Orange. The missing man, his wife states, is a member of the Roseville, Cal., lodge of the Brotherhood of Railway Trainmen. He is 5 feet, 6 inches in height, weighs 155 pounds, and has brown curly hair and dark brown eyes.

ASKS LETTERS

With Scarborough and Forgy as his attorneys, F. A. Hadley today filed a petition for letters of administration of the estate of Fred T. Montgomery, who died in Colorado in 1916, leaving two lots in the Pacific Electric subdivision here, valued at \$200.

DEMUR TO TITLE PETITION

John P. and B. S. Norton, formerly interested in the Jackson-Norton company at Ballou with C. L. McFarland of Riverside as their attorney, today filed a demurrer to a petition for registration of land under what is known as the Torrens title act. The particular petition which they demur to bears the title, Land Registration 23, at the office of the county clerk. It contains the names of 66 petitioners and was filed by Attorneys Bishop and Wellington.

HEARING DATE SET

Arraigned in the justice court today, George W. King, arrested in San Francisco on a non-support charge brought by his wife, will have his preliminary hearing on September 25 at 10 o'clock.

CITRUS FRUIT SALES.

traffic, according to McBride.

The paving in Santa Ana canyon will not be completed for three or four months, McBride states.

Satisfactory progress is being made on the preliminary steps looking toward the paving of Tustin avenue from Olive to Collins avenue in Orange and thence east to the Southern Pacific tracks and north to the packing house at Wanda station, McBride stated today. Property owners will pay for this work by an assessment on Road District Improvement No. 5, which is in the Fourth Supervisorial District. The latter district will pay a certain proportion of the cost of the work. Included in the same project is the paving of a section one mile in length and extending from the church at Villa Park to the Santiago boulevard.

Newport Hotel, on ocean front.

HANFORD FAIR WEEK IS STARTED TODAY

HANFORD, Cal., Sept. 22.—Fair week in Hanford opened this morning with the blare of bands and the waving of flags and pennants and the gathering of crowds of curiosity and pleasure seekers from all parts of Kings County, and all portions of San Joaquin valley.

A handsome program of racing events for this week has been billed as the feature attraction of the fair, although views of settings of rural life and farm productions of fruits, vegetables, and livestock are attracting their allotted share of attention.

Sociologists estimate that among every thousand bachelors there are 38 criminals, whereas married men produce 18 per thousand.

First Gun Fired In the "Alpha Beta" Stores' Big Ad. Writing Contest by

F. D. WHITEHEAD

Say—Who Does the Grocery Buying For the Family?

Here are a few reasons why they should buy at

Gerrard Bros.

FIRST—Because of the saving on nearly everything of from five to fifteen cents over other merchants' prices. About the last thing we heard before closing the doors Saturday evening was the declaration of a lady over a small box of groceries she had purchased, "I have saved a dollar in buying these here."

SECOND—Because you have the same freedom in choosing your goods at their shelves as you have at the shelves of your own cupboard or pantry.

THIRD—Because you need never have the humiliating experience of finding at the counter that you have overstepped the capacity of your purse in ordering too much, for all goods are marked in plain figures, so that you may know the amount of your purchase ere you reach the cashier.

FOURTH—Because after you have piloted the children once or twice around the stores, they prove themselves to be better adepts at helping themselves and carrying out mother's orders than ever their dads will be. This sows the seeds of business and self-reliance.

FIFTH—Because the stores are always filled with the jolliest crowd of customers, who interchange the kindest greetings, one with the other, just like one big family.

SIXTH—Because the clerks are the most painstaking, obliging set to be found.

SEVENTH—Because you are greeted from the opening to the closing of the doors by the good-natured, unassuming, cheer-inspiring countenances of the firm who in their business career in Santa Ana have won the esteem of everybody—competitors not excepted—for their high sense of honor and integrity.

EIGHTH—Because you not only can fill your grocery needs, but your meat requirements as well, from the best selected cuts to be had, at prices lower than the lowest, along with fruits and vegetables that cannot be beaten in town.

NINTH—Because your check—no matter how big, if you carry convincing proof along that it will be honored by the bank—can always be cashed, thus, in many cases, affording great accommodation before or after banking hours.

TENTH—Because—but say, while I might go on multiplying reasons into the wee hours of the morn, I must remember the other contests, so, like Sam Weller with his love-letter, I shall pull up short, believing with him that the art of advertising, like letter-writing, is brevity, because then you will wish there were more.

P. S.—Watch for Miss Edna's ad. in next Monday's issue of this paper. It will be a hummer, as she is a "Rash" writer.

SANTA ANA, CALIFORNIA, MONDAY, SEPTEMBER 22, 1919.

ORANGE COUNTY PEACE LEAGUE MEN HAVE TALK WITH WILSON

ART GALLERY AT LAGUNA BEACH, COST \$15,000 IS PLANNED

Main Aim of Association Educational, to Have Music, Reading Rooms

That the Laguna Beach Art Association plans to build a \$15,000 art gallery at the noted resort and that some of the money has already been subscribed, is the information made public today by Henri G. De Kruif of Los Angeles, chairman of the association's publicity committee.

A strong, progressive spirit of mutual help dominates the Laguna Beach Art Association, which is now composed of 300 members, both artists and laymen. In announcing the new gallery, De Kruif said:

"It will be of interest to your readers that there is one place in Southern California where harmony and progressive co-operation among artists reign supreme; where painters have a widening vision of greater good to a greater number of artists and to a greater public; and one place in this garden of keen western intelligence where artists and a thinking group of citizens are taking active steps to benefit the whole people. That place is Laguna Beach, where a rapidly growing colony of California's painters has established a successful art association for the former's maintenance."

New Building Needed

"The present small gallery has been so well attended—15,000 people this year—and the sales of pictures so encouraging, that a new and more commodious building has become imperative. Plans for an edifice of fitting beauty and utility are under way and a movement is already on foot for raising \$15,000, some of which is already subscribed. This gem of architecture will be set upon one of the imposing promontories of Laguna's cliffs where it may easily be found and admired by all. From such an eminence it will also command a comprehensive view of Laguna's gold-fringed coast line, and look across a sea of emerald and sapphires to the tinted peaks of Catalina. To one who knows Laguna Beach and has learned to love it for its many charms my word picture of the possibilities of our project is none too glowing. The many painters, musicians, writers and other artists and celebrities who visit our village throughout the year proclaim this the ideal retreat for artists of every description.

"Musical evenings are becoming a feature of the Art Association's activities with prominent Los Angeles musicians as contributors. Therefore a music room will be incorporated in the building. And for the reading public there will be a library and reading room. In other words, the great aim of the institution is educational. We are bringing together the best talent in all lines for the mutual benefit of a public that is eager to learn and enjoy, as well as the various branches of art who gain fresh ideas and new impulse for creative work through friendly contact and association with one another.

Admission Free

Of course, the sale of pictures is imperative to the well being of the institution and this side is handled in a competent and courteous manner and without entailing any obligation to those coming to enjoy. The admission is free to all. And an entirely new set of pictures is shown each month. This gives visiting art lovers an ever refreshing exhibition to see, and this affords the artist a more lively obedience to his inspirations. A new jury of selection is chosen each month and no member does jury service twice

Rumanian Queen, Princess Will Pay Visit to America

Queen of Rumania and Princess Illiana

PARIS, Sept. 22.—More royalty is planning on a visit to the United States but the date of their trip has not yet been set. They are the Queen of Rumania and her daughter, the pretty Princess Illiana.

The Rumanian queen has long wished to pay America a visit and is particularly anxious for the young princess to see the great country and particularly the big cities. It is understood that they will make an extensive trip over the United States and may go as far as the Pacific coast.

Mother of Senator Smith Passes to Final Reward

Racing from Grand Rapids, Mich., to Santa Ana, Wm. Alden Smith, former United States Senator, of Grand Rapids, Mich., beat the grim reaper and reached the bedside of his mother Saturday evening at 7 o'clock, a few hours before her spirit departed this life. Mrs. Leah Margaret Smith, the mother, passed away yesterday morning at 4 o'clock at her home at 801 French street.

Brief funeral services, which friends may attend, will be held tomorrow afternoon at 2 o'clock at the family residence. Rev. P. F. Schrock, of the Congregational church, will officiate, assisted by Rev. T. E. Stevenson, pastor of the First Presbyterian church. Burial services will be private. Interment will be in Fairhaven cemetery in the family lot, where lie the remains of her husband, Geo. R. Smith, son, George, and daughter, Blossom.

She is survived by her son, former United States Senator William Alden Smith, of Grand Rapids, Mich., and daughter, Mrs. Ella Campau of this city, and who made her home with her mother.

PRICES GOING DOWN SAYS HERBERT HOOVER

PALO ALTO, Sept. 22.—Food prices throughout the world are declining, but it is a matter of conjecture when the high cost of living will cease to be a menace," said Herbert Hoover on his arrival here.

Hoover said the success of measures to combat profiteering, which are in the hands of the Department of Justice, "cannot be accurately foretold."

The speculative boom in foodstuffs has collapsed, he said. The former food administrator took his first stroll about his home here today. He has been away since 1914.

Home-made Candies at home-made prices. Nougats, fudges, creams, brittles. Lion Kandy Kitchen, 211 West Fourth St.

LOCAL CHAPTER OF RED CROSS ALREADY HAS ITS QUOTA

Not Called on For Funds, But Will Conduct Membership Drive

Santa Ana chapter, American Red Cross, is not to be called upon for raising any part of the special fund of \$15,000,000 that the Red Cross expects to raise by a special drive in November.

Since the war closed Santa Ana chapter has sent to division headquarters about \$12,500. This was money that was raised here during the war by various means, most of it through the Red Cross shop and dining room, and as the chapter's part of the war fund collections. There was need of funds for work among destitute people overseas, and rather than keep the money here, where it could not be used, the local chapter sent practically all of the money to headquarters, reserving ample funds for home service and other work at home.

Saturday the chapter was notified by Mrs. Martha White of San Francisco that this chapter would not be called on for any additional sum during the drive in November.

Will Seek Members

The chapter, however, will be called on to make a canvass for memberships in the Red Cross. The \$1 a year memberships of the chapter are paid up to December 31. That is true of practically all of the chapters in the country. A drive for renewal of memberships and for new memberships has been set at that time, half of the money raised to go to national headquarters and half to the chapter fund.

Mrs. White visited the Fullerton, Anaheim, Newport Beach and Santa Ana chapters on Saturday for the purpose of making preliminary arrangements for the November campaign. She interviewed representatives of a number of local lodges and clubs and the local theaters, and secured from them promises of support for the campaign for memberships.

ENFORCING THE RULES

The new doorkeeper at the local museum had evidently learned the rules by heart before taking over the job.

"Here, sir, you must leave your umbrella at the door," he said to a visitor who was going straight through the turnstile.

"But I haven't an umbrella."

"Then you must go back and get one," was the stern reply. "No one is allowed to pass in here unless he leaves his umbrella at the door."

Pittsburg Chronicle-Telegraph.

LODGE TO HAVE HOME COMING GATHERING

A home-coming celebration is to be held by Santa Ana Odd Fellows' lodge on the evening of Thursday, October 30. Special invitations have been mailed out to old-time members of the lodge who are not now living here. Those pioneers who cannot be present, will send letters to be read at the gathering.

The lodge was instituted forty-four years ago and has been in continuous existence and usefulness ever since that time. The only charter member now living is Royal L. Freeman of Orange. Walter Robinson of Trabuco was initiated the first meeting of the lodge. Charter members were Odd Fellows who had belonged to the order elsewhere.

The celebration is in charge of a committee consisting of J. E. Liebig, chairman; Dr. L. L. Whitson, R. K. Bishop, W. J. Cozad, G. E. Peters, John Crawford and Herbert Allen.

OFFICIALS OF SUNDAY SCHOOLS ARE WELCOME

Somebody asked whether the pastors and superintendents would be welcome at the meetings for Sunday school teachers Monday evening at the Presbyterian church. Secretary Kitzmiller says that so long as these officials are held responsible for the conduct of their schools, there will never be a meeting called under the authority of the Orange County Sunday School Association, at which they are not welcome. Their presence will always lend inspiration to the work of the Kingdom of God, he says. Teachers of all ages under twenty, whether they received a special invitation or not, are urged to attend these meetings at the Presbyterian church, 7:30 p. m.

BUENOS AIRES FLIGHT BY R-80 IS GIVEN UP

LONDON, Sept. 22.—Plans to fly by airship from London to Buenos Aires have been temporarily abandoned as a result of the government's commanding the R50, Vickers-Vimy super-airship, which several months ago booked ten passengers at \$5000 each for the trip.

Included among the passengers were Sir Woodman Burbridge, his wife, Lady Burbridge, and R. H. Griffith. Burbridge and Griffith are the directing heads of Harrod's, which has department stores in Buenos Aires and London.

Shortly before his abdication, King Ludwig of Bavaria presented to the wine museum at Speyer several bottles of wine dating from 1540, 1633 and 1822. The museum contains a bottle dating from the days of Rome, found in a Roman grave, believed to be oldest bottle of wine in the world.

President Wilson Answers Seven Questions Put By Peace League Committees

Yesterday afternoon in his suite at the Alexandria Hotel, Los Angeles, President Wilson answered seven questions that had been presented to him by the Los Angeles and Orange County executive committees of the League to Enforce Peace.

"I have written out my answers in as brief form as possible," said the President, and then laughing good naturedly, he added, "for I have found that short answers are read where long documents are not."

The seven questions and answers follow:

1. Is there any provision in the Covenant which will require the United States to engage in war without a declaration of war by Congress?
Answer: There is none.
2. Why give the British Empire six votes in the Assembly while the United States has only one?
A: The six votes are given to the several self-governing parts of the British Empire, but the single vote of the United States is in every matter of action of equal authority with the six votes of the British Empire, inasmuch as every active policy of the league requires the unanimous vote of the states represented in the council, and therefore, the vote of the United States.
3. Does Article X commit the United States, without its consent, to aggressive action in case of external aggression committed by any nation against a member of the league?
A: It does not.
4. Article XV, paragraph 7, "If the dispute between the parties is claimed by one of them and is found by the council to arise out of a matter which by international law is solely within the domestic jurisdiction of that property, the council shall so report and shall make no recommendation as to its settlement." Under this provision is there any possibility of such a question as the immigration of the Japanese being taken out of our hands?
A: There is no possibility of such a question as the immigration of the Japanese being taken out of our hands by any action of the league.
5. Is the covenant as a part of the treaty of peace, an added guarantee that Japan will fulfill her promise to return Shantung to China?
A: It is an added guarantee and a guarantee, moreover, for the just treatment of China by all nations.
6. Upon what terms and under what conditions will Germany be admitted to the League of Nations?
A: It is expected that Germany will be admitted to the league when it has proved that its change of constitution is genuine and permanent and that it has, in fact, as well as in form, aligned itself with the free, self-governing peoples.
7. What stands in the way of withdrawal from the league?
A: Nothing. Withdrawal is left entirely to the choice and decision of the nation proposing to withdraw, and the requirement that at the time of withdrawal it shall have fulfilled all its international obligations and all its obligations under the covenant of the league is an obligation only upon its own conscience.

GIRL DROWNS TRYING TO SAVE HER FIANCE

ALAMEDA, Cal., Sept. 22.—Miss Lillian M. Blewer, president of the Oakland Telephone Operators' Union, lost her life in a desperate effort to save her fiancé, John Reichling, from drowning, it is now believed. Her body was found Saturday night in deep water off Neptune Beach. Reichling's body was found early yesterday.

Miss Blewer had charge of the recent coastwide telephone strike.

Auto pumps repaired. Livesey's.

PACT FEATURES ARE EXPLAINED TO CALLERS

President Asserts Many Are Misinformed on Plan Throughout Nation

For an hour yesterday afternoon, President Wilson talked to the executive committees of the Los Angeles and Orange County organizations of the League to Enforce Peace.

At that conference, during which questions were informally asked by some of those present and informally answered by the President, President Wilson declared that the efforts of the league should be continued strenuously along the line of giving the people information as to what the treaty and League of Nations plan are.

"When I started out upon this tour," said he, "I had no idea that there was generally so much misinformation and lack of understanding of the detailed provisions of the plan as there is. Had I known the situation I should have from the first dwelt more in detail upon provisions of the plan. Only toward the last have I been convinced of the advisability of presenting certain phases of the situation as informative matter."

Debated More Fully

"The negative questions that have been raised have been debated more fully than the affirmative side."

The conference was held in the President's suite at the Alexandria. Forty-two men and women were present, about one-third of the number being from Orange county. The Los Angeles committee of the League to Enforce Peace was headed by W. M. Bowen and Marshall Stimson, and the Orange county committee by Col. S. H. Finley of Santa Ana. Each member of the Los Angeles delegation was introduced to President Wilson by Marshall Stimson, and each member of the Orange county delegation by Chairman Finley. Chairman Bowen of the Los Angeles committee presided at the meeting.

Those who were present from Orange county were S. H. Finley, Walter Eden, Mrs. J. Dick Wilson, Rev. A. T.

Good News for Boys and their Parents

YOU are going to be able to get boys' clothes this fall made by Hart Schaffner & Marx. For a long time we clothing merchants generally have hoped that these makers of fine clothes for men would produce the same kind of clothes for boys; and now they've done it.

You'll see now what a difference it makes in looks and in service to have clothes made from all-wool fabrics, made by the highest skill in tailoring, the styles designed by the best artists in the business.

We can supply the boys of this community now with the best clothes made; they're not low priced in one sense; but they're such high quality that they're real economy.

W. A. Huff Co.

NOTICE OF SALE OF TRAPS TO
TO WHOM IT MAY CONCERN:
NOTICE IS HEREBY GIVEN, that an application has been made to the Board of Supervisors of the County of Orange, State of California, by Ferdinand J. O'Connell for a certain franchise granting the right to lay and construct, and for a period of fifty years, a system of pipes and pipe-lines over certain streets, alleys, roads and highways within the County of Orange, hereinafter mentioned and described, and that it is proposed by said Board of Supervisors to offer for sale and grant to said applicant the franchise hereinbefore mentioned and described hereinafter mentioned. Said franchise is described as follows:

That the franchise to lay and for a period of fifty years to operate and maintain a system of pipes and pipe-lines for the conveyance, distribution, and sale of gas, steam, water, electricity, or other purposes, and the right to distribute and sell gas for such purposes along said pipe-lines, within the County of Orange, under and along all those streets, alleys, roads and highways situate within the boundaries of the County of Orange, and all those other places, streets, alleys, roads and highways within the boundaries of said County of Orange, and excepting also all of those certain streets, alleys, roads or highways within the boundaries of said County of Orange, which is included a provision prohibiting the granting thereof or the right of a franchise together with the erection of said pipe-line, to furnish and distribute gas through said pipe and pipe-lines, to the territory adjacent to said pipe-lines, and to collect rents, tolls and charges, for the use so as furnished to said territory, for the purpose of which said franchise will be offered for sale and granted, are as follows, and the grantee of said franchise, or his or his successors, shall be bound to accept the written acceptance of the terms and conditions hereof with the Clerk of the County of Orange, within thirty days after the passage of the ordinance granting the same.

That all the pipes and pipe-lines to be laid and maintained under said franchise shall be of good material and workmanship, and shall be laid and maintained by persons residing along the lines of said pipes and pipe-lines who may desire to use the same with an annual supply of gas for domestic purposes, and that the gas to be furnished and distributed through said pipes and pipe-lines shall be of pure quality, free from all injurious ingredients and of sufficient purity to be suitable for domestic use, and that the franchise shall be granted to the successors or assigns, said person residing along the line of said pipes or pipe-lines, and upon payment of the reasonable charges, for making the connection and for furnishing gas, furnish to the County of Orange, an adequate supply of gas for domestic use.

That the grantee of this franchise, his heirs, successors or assigns, shall have the right to construct and maintain such traps or manholes as may be neces-

sary for cleaning and maintaining the same, and for repairing and relining the same, and for keeping up the surface of the highway and so forth, by any order of the Board of Supervisors in writing, thereto, and not to interfere with the travel of said franchise or travel. The grantee of said franchise or his successors or assigns, shall have the right, subject to such regulations as are made by the Board of Supervisors, to make all necessary excavations in said highways for the construction and repair of said pipe-lines, traps and manholes.

That every pipe-line laid or maintained under said franchise shall be laid not less than eighteen inches underground, and unless the Board of Supervisors shall otherwise direct shall be laid along the sides of the highways and shall be at least ten feet (10) feet from the center lines of highways, and within five (5) feet of the center line of any other street, alleys, roads or highways, where a curb line has been established and within five (5) feet of the center line of any other street, alleys and highways, less than sixty (60) feet in width, where no curb line has been established, and that where it is necessary to lay any of the said pipe-lines through or across any macadamized or paved road or highway, or through any trench, it shall be to its original condition by the grantee of said franchise, his, its or their successors or assigns, and that where it is necessary to lay or construct any such pipe or pipe-line across any portion of a paved or macadamized road or highway, the same shall be done by a tunnel or bore, unless the Board of Supervisors of said county shall direct otherwise, and that the grantee of said franchise shall repair any highway, or any portion of any highway in which the grantee of said franchise, his, its or their successors or assigns, shall be required for the purpose of laying pipes or maintaining, cleaning or repairing pipes, under the said franchise, and shall be liable for the reasonable cost of such repairs, shall be a charge against said grantee, his, its or their successors or assigns, and shall be a lien upon the property of the grantee, after the presentation of the bill therefor.

During the laying or repairing of any gas pipes, any trench or excavation made for the purpose of laying or repairing from sunset to sunrise, be protected by red flares placed at each termin of such excavation, and by a flag or light at least ten feet at or not less than five hundred (500) feet in distance apart.

That the work of laying or repairing any gas pipes or pipe-lines, and any laying or repairing of any pipe or other appliance is completed, all portions of the highways which have been excavated for the purpose of laying or repairing, shall be in as good condition as the same were in before the laying of such pipes, and the grantee of said franchise shall be liable to the Board of Supervisors of said county.

That whenever any portion of the territory covered by said franchise, shall be sold, mortgaged, or otherwise alienated, the rights reserved under said franchise to the County of Orange or any of its heirs, successors or assigns, shall be the property of such municipal corporation, and its

NILSON TRACTORS A Small Tractor For Big Work

Built in two models, Senior and Junior—having 4000 and 3000 lbs. draw-bar pull. We estimate the Nilson to be the best Wheel Tractor on the market for open farm work, and we invite comparison. A bear to pull, light in weight, ample traction, no packing of the soil, easy to operate, but best of all low cost of maintenance.

There are many of these tractors in operation throughout Southern California and the work that they are doing is a credit to this meritable machine. We urge you to drop us a line for a Catalogue, also visit some of the owners of this machine, and see for yourself the work that the Nilson is doing—be your own judge.

AGENCY

We have some attractive agency propositions to offer in some districts to live wires who are desirous of making money. Liberal discounts. You had better see us at an early date, immediate deliveries.

HIGH GRADE USED AUTOS

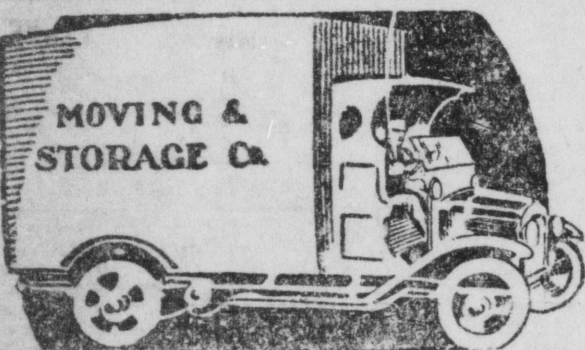

The largest and most complete line of HIGH GRADE USED AUTOS to be found in the West, BUICKS, DODGES, HUMPHRIES, OVERLANDS, MAXWELLS, SAXONS, PEERLESS, PIERCE ARROW, CHANDLER, and many others too numerous to mention in this ad. The above stock consists of Roadsters, Tourings, Sedans, Coupes, and Race-about models—the best that the market affords. Let us show you one of these late model cars. We will extend reasonable terms if necessary.

Batteries For All Makes of Cars

Having recently installed a Battery Department, we are in a position to furnish you with a battery for any make of car, at a saving of nearly 50 per cent yearly. Drop in and let us explain our guaranteed contract plan.

ORANGE COUNTY OLD HOME WEEK MEN TALK TO PRESIDENT AT CATALINA PLANNED

League to Enforce Peace Heads Hear Features of Pact Explained

(Continued from Page Nine)

O'Rear, Rev. P. F. Schrock, T. E. Stephenson, Santa Ana; J. F. Ahlborn and Prof. Malcolm, Anaheim; C. A. Palmer, Olive; Elmer Jahraus, Laguna Beach; W. J. Marsh, Yorba Linda; M. J. Pickering, La Habra; L. P. Drake, Fullerton.

Beside answering the questions as reported in an adjoining column, President Wilson discussed phases of the League of Nations controversy with the committees for nearly an hour. He reviewed the institution of the Monroe Doctrine, saying that at that time an attempt was being made to perfect a league of nations for the purpose of perpetuating monarchical government. Now the league of nations has the opposite purpose, the perpetuation of self-governing nations.

Hasn't Friend in World

"Lord Cecil came to me," said he "and wanted to know if the United States was going to demand that Mexico be allowed entrance into the league. He said that England did not want Mexico in. Inasmuch as Mexico has no stable government, it was not admitted. So far as I know, Mexico hasn't a friend in the world."

The mandates were discussed by the President, who said that the great principle of self-government was recognized at the conference as of such paramount consequence that it was decided to apply it even to ignorant, uninformed people as well as disorganized people.

"It is very important," said he, "that there be no reservations. A reservation would mean that the whole thing would be thrown back. You can't enforce a reservation on a country that has signed unless that country again signs for the reservation. Germany has already accepted the treaty, though it took four or five sets of men before they could find a set to sign, and a sorry looking couple they were, too."

A number of those present were evidently deeply interested in the Mexican question. The President was asked if adoption of the treaty and league plan by America would interfere with America carrying on negotiations with Mexico, and the President replied that it would not.

During the conference, all those present stood, grouped around the President. Those who had heard the President speak, declared that in this close conference the warmth of his personality and magnetism was far more apparent than when appearing on the platform.

No Hesitation Shown

The President appeared to be in good health, and every question was answered without hesitation.

"There was just the slightest bit of the air of a college professor talking to a gathering of students," said one of the Santa Ana committeemen. "Perhaps it wouldn't have been noticeable if we hadn't known that he was a college professor for years. But that was merely incidental. It was altogether a genial, friendly spirit that was exhibited. To us, he appeared approachable, and not in the slightest bit distant or formal."

As the committeemen were leaving, Elmer Jahraus of Laguna Beach presented President Wilson with a button of the Orange County War Service Recognition Association, and told him that by it the President becomes a member of the association.

"A letter will follow telling you what the association has done and what it stands for," said Jahraus. The President thanked Jahraus.

Many Hear Wilson Speak In L. A. Shrine Auditorium

Many Orange county people were among the thousands who heard President Wilson speak in Shrine Auditorium, Los Angeles, Saturday evening.

In that address, the President followed the same line of presentation and argument as was followed by him in his San Diego address. He dwelt at considerable length upon the Shantung situation, going into details as to the manner in which Japan came into control of Shantung.

He pointed out that China leased Shantung to the Germans for ninety-nine years, just exactly as China made other leases to Russia, England and France. There was no protest entered by America when Japan wrested Port Arthur, the Russian concession, from Russia.

"Japan has promised that the sovereignty rights in Shantung will be given up," said he. "Japan will keep only the railroad and development rights that she took in addition to sovereignty rights from Germany before we got into the war."

The crowd was without doubt thoroughly in sympathy with the speaker. His arrival upon the stage brought forth a wonderful ovation, everybody present waving a flag.

The President's caustic remarks concerning the fight that is being made against the League of Nations met with loud applause.

"If you have a friend who has some foolishness in his system, let him hire a hall," said the President. "Several halls have been hired." These were among the applauded sentences of the address.

Among those who heard the President speak were Mr. and Mrs. W. L. Grubb, Mr. and Mrs. Joseph Skidmore, C. D. Overshiner, H. C. Head, James Sleeper, B. E. Tarver, Horace Fine, T. E. Stephenson, W. F. Heathman stood in line four and a half hours and finally got a seat.

Groninger Electric Service Co.

On Oct. 15, will open salesroom and to general electric light wiring and equipment motor installation and repairing, at the corner of 3rd and Surgeon, Santa Ana.

State Societies Are Arranging Series of Affairs In Coming Months

LOS ANGELES, Sept. 22.—Inaugurating a series of "Old Home" weeks, to be signaled by gatherings each week during autumn, winter and spring at Santa Catalina Island, the Illinois State Society is busily engaged in lining up an assembly which will sail for Avalon on October 6 and remain on the island of enchantment until the 12th. President James A. Tomlinson, of the Illinois State Society, reports reservations coming in rapidly.

Eastern and Middle West state societies will hold a succession of "Old Home" weeks at Santa Catalina, under the novel plan which found origination with Charles H. Parsons, secretary of the Federation of State Societies. The plan has received the heartiest of commendation from various state society officials, the Los Angeles Chamber of Commerce and several public officers of the Southland.

This partial schedule of "Old Home" weeks to follow has been announced: Iowa, October 13 to 19, inclusive; Ohio, October 20 to 26; Indiana, 27 to November 2; Michigan, November 3 to 9; Missouri, November 10 to 16. Thanksgiving week will be given over to a gathering of former residents of the New England states, with which section the holiday is so intimately associated. More of the "Old Home" weeks' schedule will be announced at an early date.

A representative of the Federation of State Societies has established headquarters in room 104 of the Pacific Electric building, prepared to handle reservations and dispense information. John D. Cole, of the Santa Catalina Island Company, stated yesterday he would be pleased to receive suggestions concerning "Old Home" week celebrations and entertainments.

During the week the Illinois delegation holds sway at Catalina, the streets of the little cove town of Avalon will take on the names of Chicago thoroughfares. Under the transformation, the corner of State and Madison streets is only a stone's throw from anchorage of the tuna fishing fleet and a favorite gathering place for bathers.

During Illinois week, the palatial St. Catherine Hotel will have its name changed to Hotel Chicago. Newspapers from a score of Illinois cities will be found on file at the Hotel Chicago and at a half-dozen points in the village. Interesting programs are being prepared to fill each day of the assembly of natives of Illinois.

President Tomlinson, on behalf of the Illinois State Society, has wired Governor Lowden and Mayor Thompson of Chicago, an invitation to attend the "Old Home" week. If his business schedule permits, William Wrigley, owner of Catalina Island, a Chicagoan, will be among those at the celebration.

PLAN ART GALLERY FOR LAGUNA BEACH

(Continued from Page Nine)

the same year. This reduces the danger from artistic czars of any school to a minimum.

"Life and progress, these we will make ours. And in this age of reconstruction let us amalgamate the life and vigor of the new with the sturdy backbone of the old and go on to the realization of a truly American art for which we are most surely destined. Must we not agree with Rodin: 'Without religion, without art, without a love of nature, men will die of ennui.'"

"In the Laguna Beach Art Association, which is now 300 strong, artists and laymen included, there is a growing spirit of democracy and fellowship. And in the selection of pictures a broad-minded policy is going to be carried out. Our exhibiting members comprise a large share of the painters of Los Angeles and Southern California and this fact naturally insures activity that shall be to the best interest of our whole state. And thus we believe we can count on the enthusiastic support of every person who believes in the prospect for art that is Western, and Art that is American."

Clear your complexion completely with Resinol Soap

If you find yourself "left out" because of a poor skin, and want a clear, fresh complexion, use Resinol Soap at least once a day. Wash thoroughly with a warm, creamy lather of it, then rinse the face with plenty of cold water. It does not often take many days of such regular care with Resinol Soap to show an improvement. In severe cases, a little Resinol Ointment should be used at first. All druggists sell Resinol Soap and Ointment.

All Right!

Certain-teed is everything a good roofing should be. It is economical to buy, to lay, to maintain. It gives complete roof protection to every kind of building.

Extreme heat or cold cannot get through Certain-teed, and sparks etc., have no effect on it.

The world over Certain-teed is giving better and longer roofing protection—and at lower cost—than any wood, or other material.

Certain-teed meets everyone of your roofing demands. It is your logical roofing selection for new or old buildings.

Certain-teed is made in rolls, both smooth and rough surfaced (red or green)—also in handsome red or green asphalt shingles for residences. Certain-teed is absolutely first quality—the name means certain-ty of quality and satisfaction guaranteed. It will pay you to get Certain-teed—most dealers sell it.

Certain-teed Products Corporation

RECONSTRUCTION

Let the wheels of industry hum! Mankind turns, freed from the grip of war, to rebuild the world.

"Construction" is the slogan of the day. All the signs betoken expansive development—a busy world, resuming old tasks and creating new ones.

There must be no shackles on production; no stinted labor, no idle hours.

A new Americanism moves the nation. The Spirit of Service, electrified by war, stirs in every heart. A new faith promises new ideas, new standards, new ideals.

Let us all co-operate and make way for progress.

At your service and asking your help.
